Field Descriptions

Lodge STP As defines how STP Lodgements made by this User will be lodged to the ATO. The picklist values are Employer Direct, Employer Intermediary and Registered Tax/BAS Agent.

Payment Entity is the related Payment Entity specific to this Authorised Contact. If Users are required to submit for multiple Payment Entities, they will be required to create a new Authorised Contact for each Entity.

STP Lodgement User is a lookup to the user record of the Salesforce User this record relates to. This Salesforce User cannot be a Community User.

User STP Employer Identifier is the unique identifier that will be used to identify this User whilst submitting lodgements (e.g. Name, Email Address, mobile number).

User STP Intermediary ABN is the Australian Business Number of the Payment Entity if this Authorised Contact is going to be making lodgements as an Intermediary User.

User STP Intermediary Identifier is the unique identifier that will be used to identify this User whilst submitting lodgements (e.g. Name, Email Address, mobile number).

User STP Registered Agent Number is the Registered Agent Number of the User submitting this lodgement if they are a Registered Tax/BAS Agent.
