

Purpose

The purpose of this quick reference guide is to step through the process of creating and sending STP Pay Event Lodgements. The intended audience for this document are standard users.

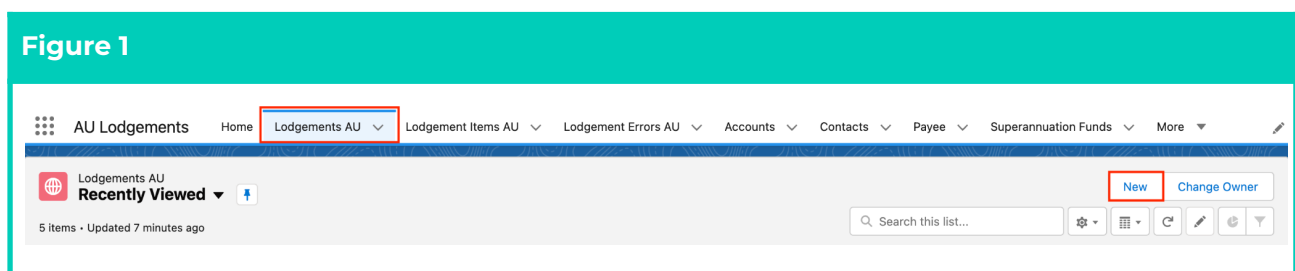

Steps

Create a new Single Touch Payroll Pay Event Lodgement

To create a new Single Touch Payroll Pay Event Lodgement, follow these steps:

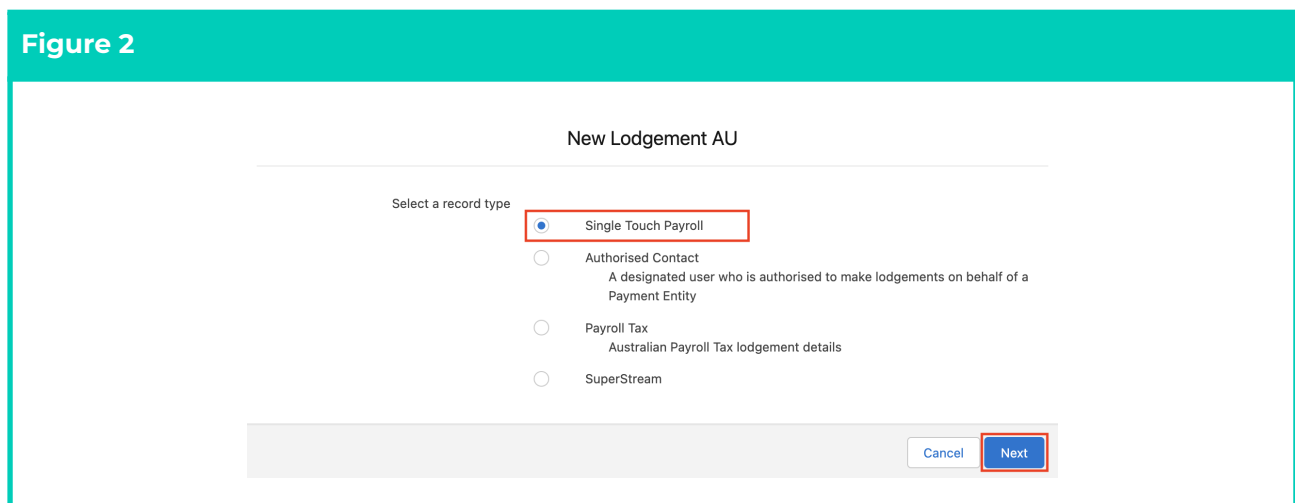

1. Go to the **Lodgements AU** object and click on the **New** button. (See Figure 1)

Figure 1

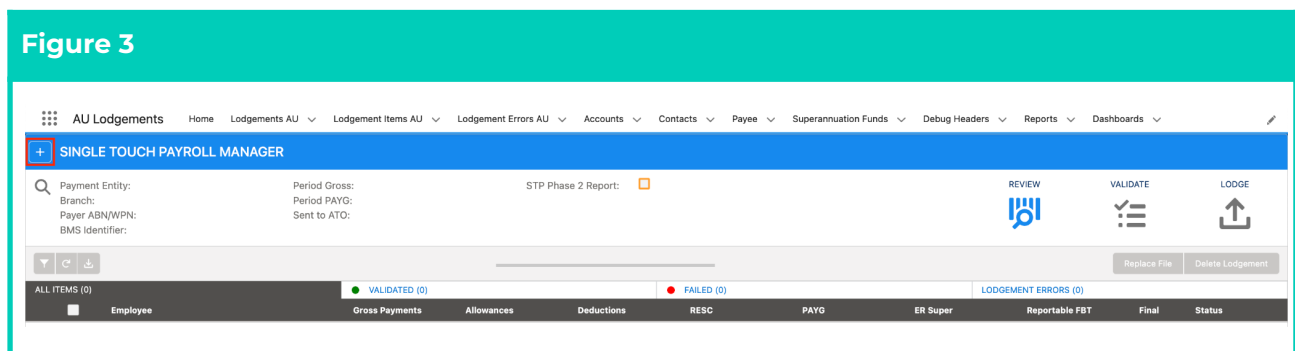

2. Choose **Single Touch Payroll** record type and click **Next**. (See Figure 2)

Figure 2

3. Click the **+** button on the left-hand side of the screen where it says Single Touch Payroll Manager. (See Figure 3)

Figure 3

4. Keep the default filter **Pay Event**. (See Figure 4)
5. Populate the Filter Panel with the following fields: (See Figure 4)
 - a. **Payment Entity** (up to 5 if required)
 - b. **Select All Branches** checkbox or choose from the Available branches
 - c. **Payment Date From** and **Payment Date To**
 - d. **Finalised Date From** and **Finalised Date To**

OR

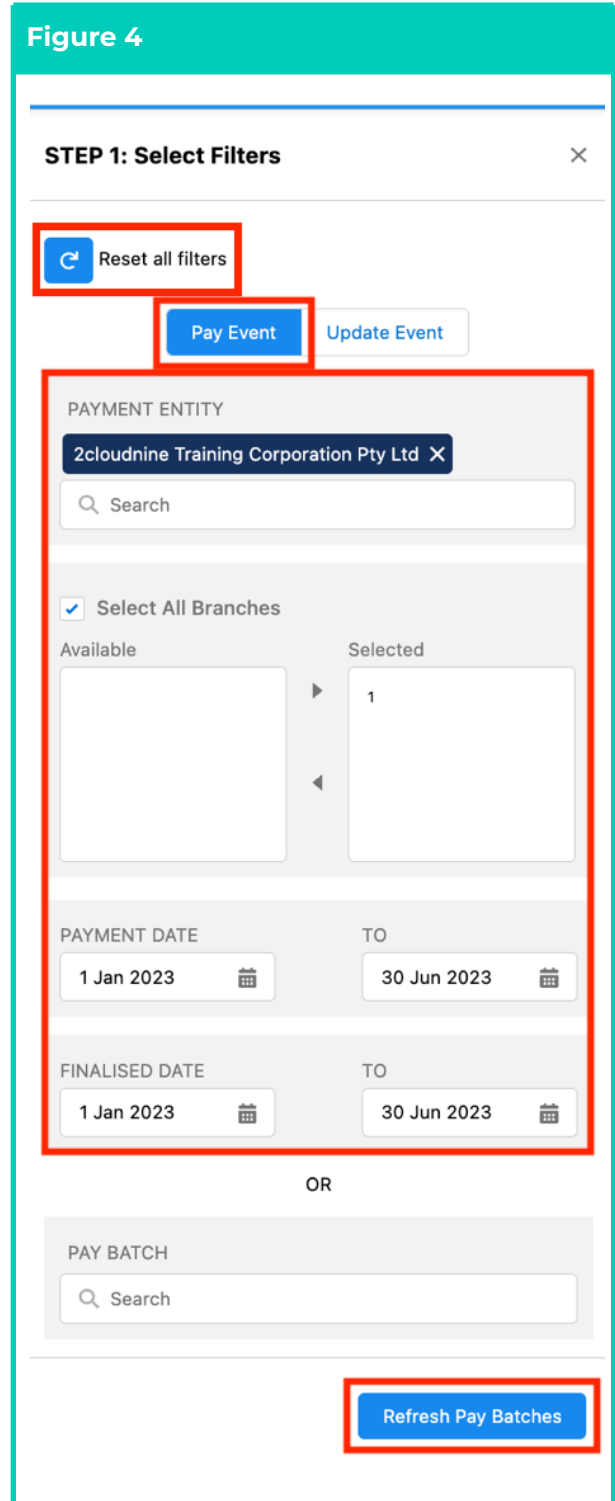

Enter the Pay Batch name in the **PAY BATCH** field.

6. If you need to amend the filters or start again at any time, click  **Reset all Filters**.
7. Once ready, click on the **Refresh Pay Batches** button and a new panel called Select Pay Batches will appear. (See Figure 4)

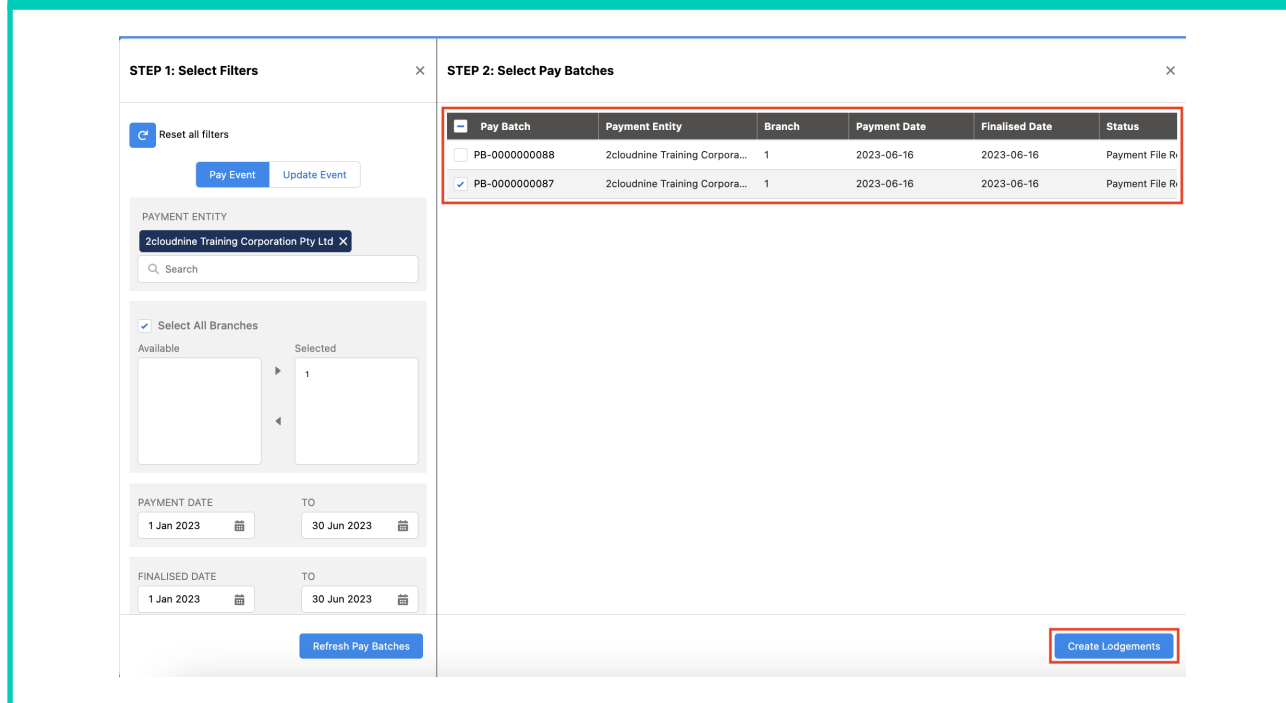

Almost all lodgements will use the Pay Event option unless there is a need to use the Update Event to report corrected data or submit End of Year lodgements.

Figure 4

8. The Select Pay Batches panel will display only the Pay Batches that have not been lodged for the STP before and that contain PAYG Payees/Items that are reportable for STP. To create the Pay Event Lodgement, select the required Pay Batch(s) by ticking the checkbox and click **Create Lodgements** on the Select Pay Batches panel. (See Figure 5)
