

Purpose

The purpose of this quick reference guide is to step through the process of creating and sending STP Update Event Lodgements. The intended audience for this document are standard users.

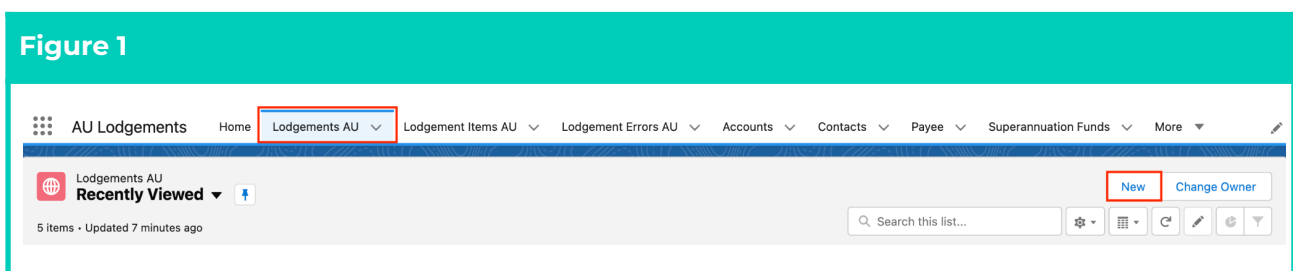

Steps

Create a new Single Touch Payroll Update Event Lodgement

To create a new Single Touch Payroll Update Event Lodgement, follow these steps:

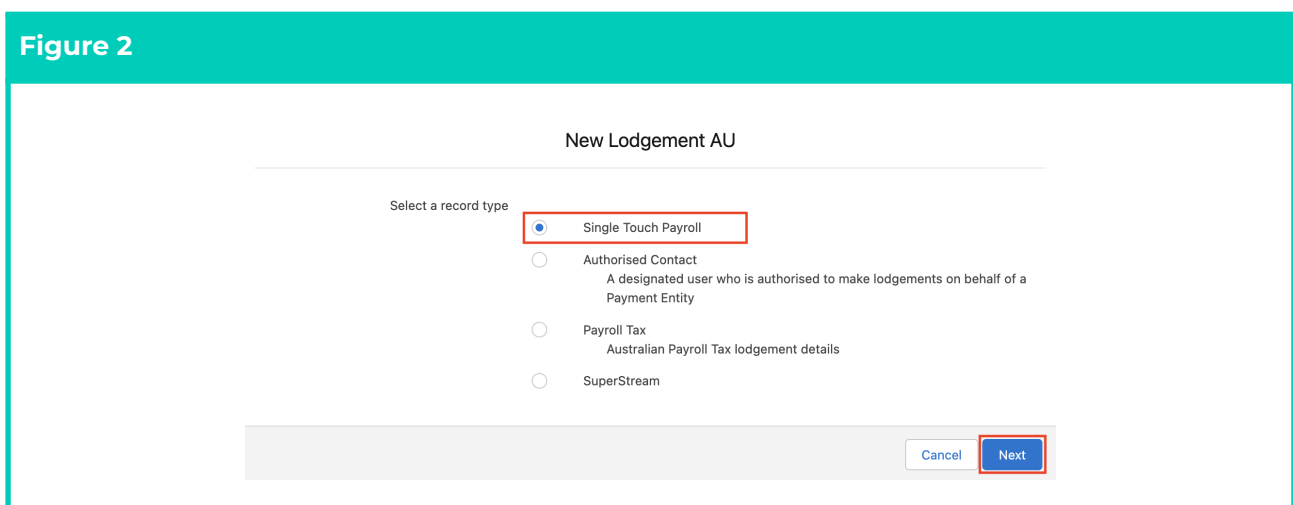

1. Go to the **Lodgements AU** object and click on the **New** button (see Figure 1).

Figure 1

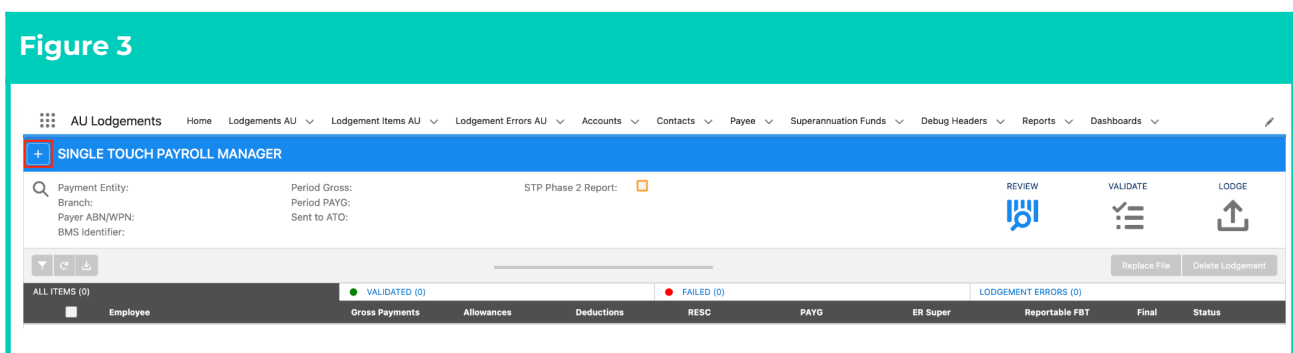

2. Choose **Single Touch Payroll** record type and click **Next** (see Figure 2).

Figure 2

3. Click the  button on the left-hand side of the screen where it says Single Touch Payroll Manager (see Figure 3).

Figure 3

4. Click the **Update Event** filter to create lodgements for End of Year processing or to report corrected data for previous Pay Event Lodgements (see Figure 4).
5. Populate the Filter Panel with the following fields: (See Figure 4)
 - a. **Payment Entity**
 - b. Select **All Branches** or choose from the Available branches
 - c. **Payment Date From** and **Payment Date To**
6. If you need to amend the filters or start again at any time, click  Reset all Filters.
7. Once ready, click on the **Refresh Pay Batches** button and a new panel called Select Pay Batches will appear

If this Update Event Lodgement is being created as part of your Year End Processing, you must ensure the Payment Dates span the full financial year.

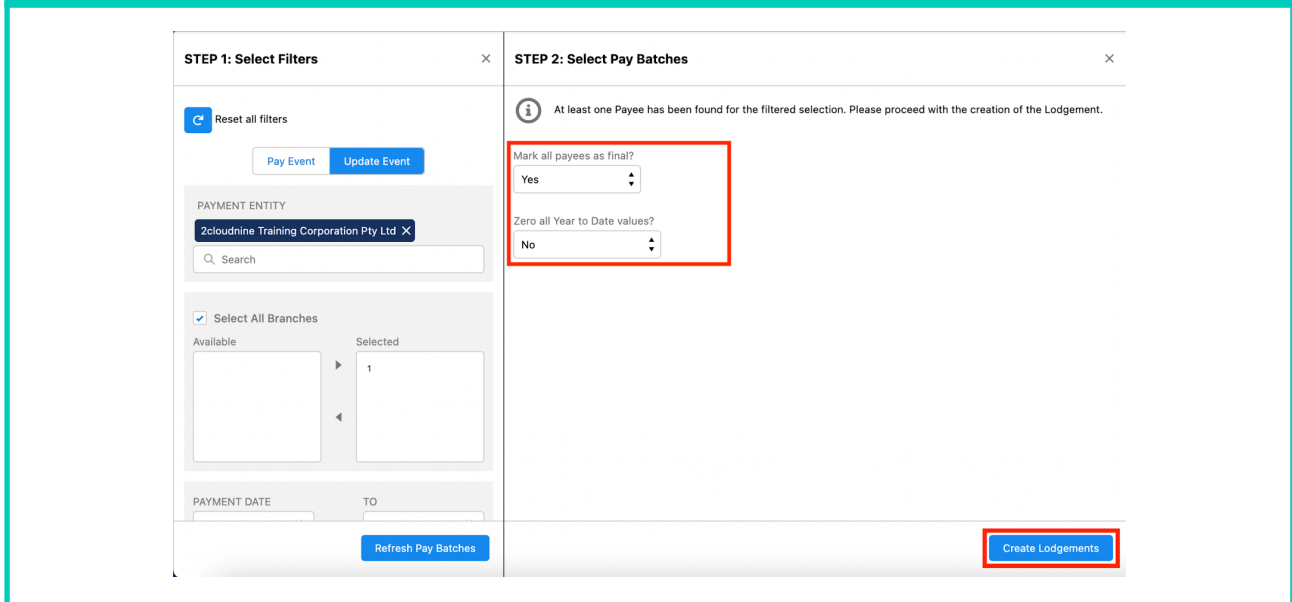

When creating lodgements for Update Events, the Pay Batch filter field does not provide any results, this filter field only applies to Pay Events.

Figure 4

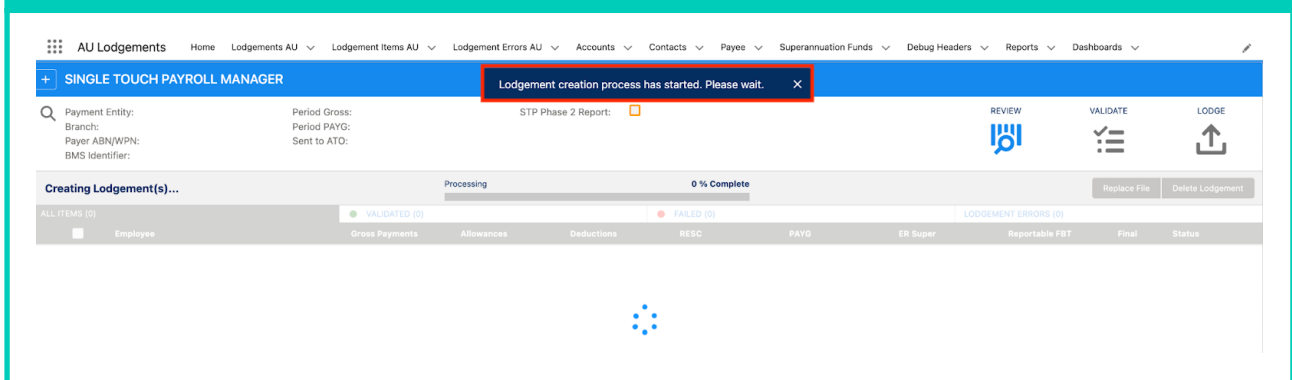

8. Populate the **Mark all payees as final?** picklist with value **Yes** if this lodgement is part of the end of the financial year processing. This will then display extra Notification Options allowing users to select if the Payees should receive an automatic email confirming their final lodgement has been successfully submitted with the ATO (see Figure 5).
9. To create the Update Event Lodgement, click **Create Lodgements** on the Select Pay Batches panel (see Figure 5).

Figure 5

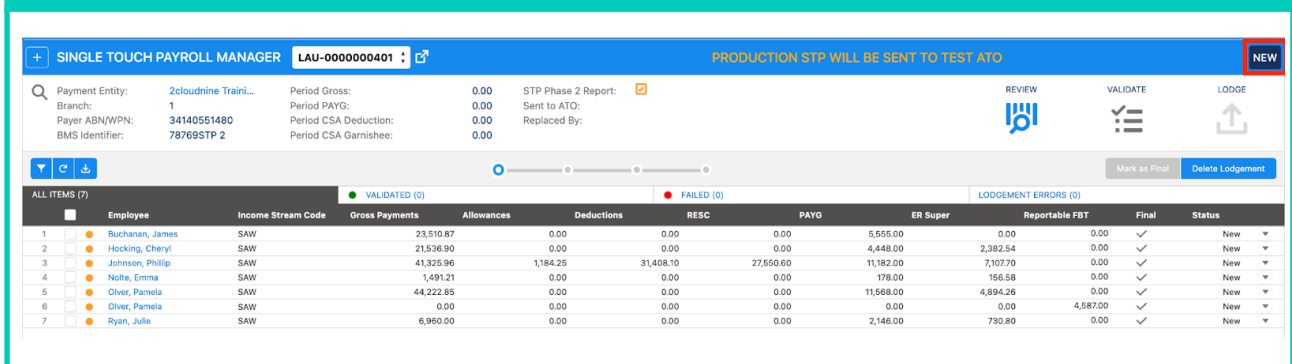

10. A confirmation message will appear indicating the Lodgement creation process has started (see Figure 6).

Figure 6

11. A new Update Event Lodgement has been created with a status of NEW (see Figure 7).

If you see an error message saying 'You are not authorised to send Single Touch Payroll Lodgements on behalf of this Payment Entity' (see Figure 12), you will need to create a new Authorised Contact for your User Record and this Payment Entity to resolve this error. To learn more about Authorised Contacts, please refer to the QRG Authorised Contacts.

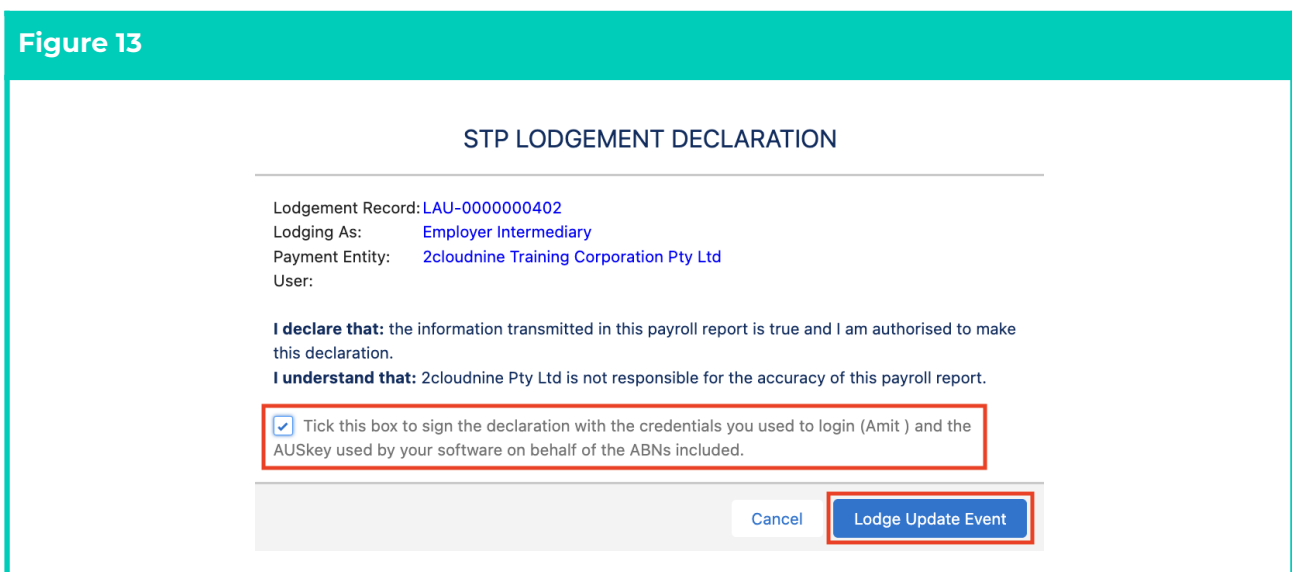

Figure 12

The screenshot shows the 'SINGLE TOUCH PAYROLL MANAGER' interface with an error message displayed at the top: 'You are not authorised to send Single Touch Payroll Lodgements on behalf of this Payment Entity.' The 'Lodge' tab is selected, and the 'Send to ATO' button is highlighted.

17. If no error is encountered, you will be presented with an STP Lodgement Declaration. Tick the declaration message after reading the details and click **Lodge Update Event** (see Figure 13).

Figure 13

The screenshot shows the 'STP LODGEMENT DECLARATION' form. It contains the following information:

- Lodgement Record: LAU-0000000402
- Lodging As: Employer Intermediary
- Payment Entity: 2cloudnine Training Corporation Pty Ltd
- User:

The declaration text reads:

I declare that: the information transmitted in this payroll report is true and I am authorised to make this declaration.

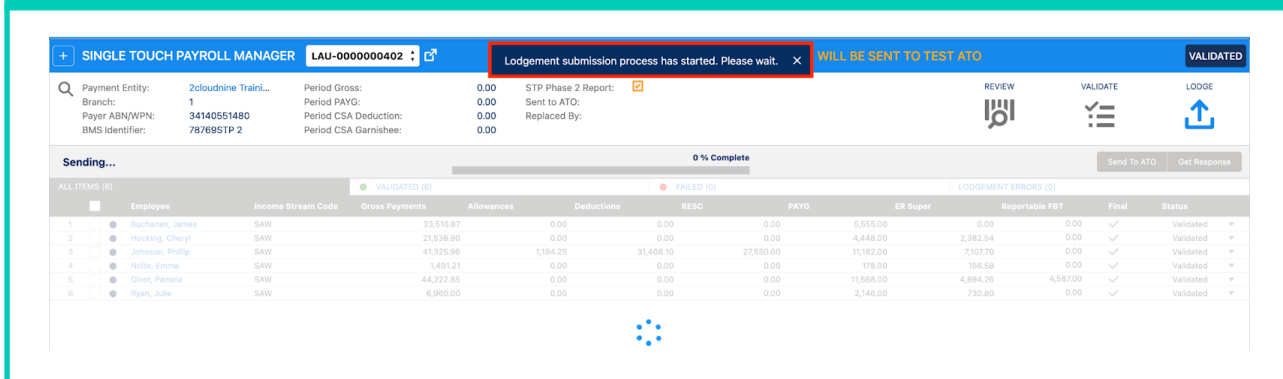

I understand that: 2cloudnine Pty Ltd is not responsible for the accuracy of this payroll report.

A checkbox is checked, indicating agreement with the declaration. The text next to the checkbox reads: 'Tick this box to sign the declaration with the credentials you used to login (Amit) and the AUSkey used by your software on behalf of the ABNs included.'

At the bottom of the form, there are two buttons: 'Cancel' and 'Lodge Update Event'.

18. A message will appear saying 'Lodgement submission process has started. Please wait' (see Figure 14).

Figure 14

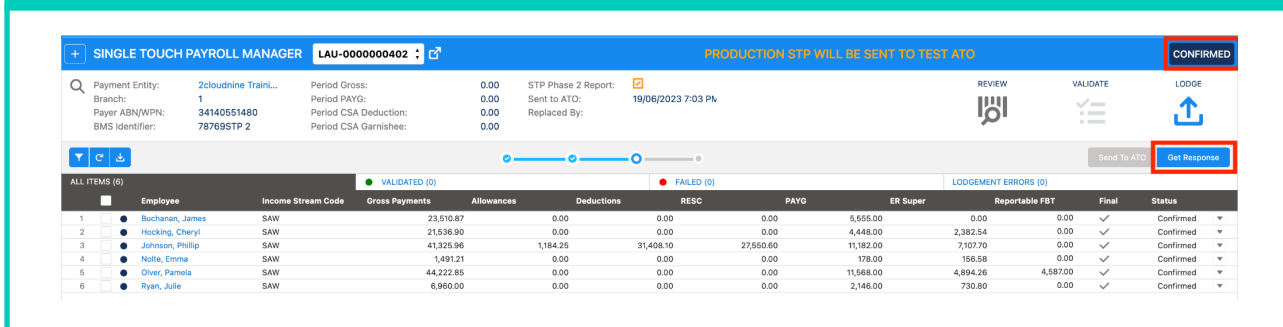

The screenshot shows the 'SINGLE TOUCH PAYROLL MANAGER' interface. At the top, a blue banner displays the LAU-0000000402 ID and a message: 'Lodgement submission process has started. Please wait.' Below this, the 'Sending...' progress bar is at 0% Complete. The table below shows the status of various lodgements.

There is no dependency to submit the Final Update Event for Year End processing prior to processing any Pay Batches in the new Financial Year.

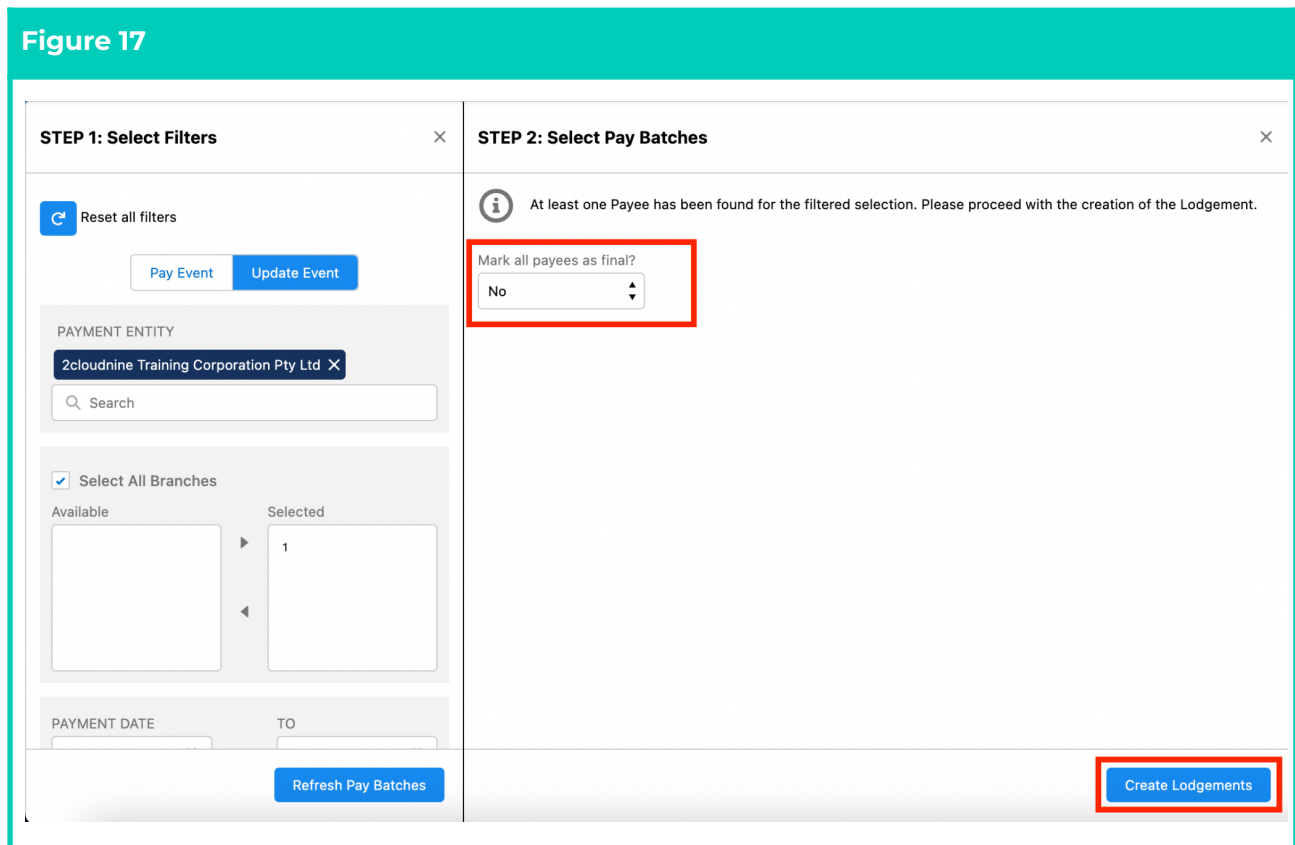

Update a Final Single Touch Payroll Update Event Lodgement

If you need to make a correction, you'll be required to make the adjustments within an Adjustment Pay Batch created using the Adjustment button in the Pay Batch Manager filter criteria. Adjustment Pay Batches enable the Payment Date field in Pay Batch Manager to change to a date from a prior financial year. For more details on this, please refer to the Pay Batch Manager QRG or contact your support team.

Upon completing the corrections within Pay Batch Manager and proceeding to the Payment File Released stage, you will need to re-create and lodge a replacement Single Touch Payroll Update Event Lodgement following these steps:

1. Create a new Update Event Lodgement following the exact steps and filter criteria used in your original Update Event Lodgement, however this time ensure that **Mark all payees as final?** Is set to 'No' (see Figure 17):

Figure 17

2. Once the status has been changed to Completed, you must once again re-create and lodge another Single Touch Payroll Update Event with the **Mark all payees as final?** set to 'Yes', as per Step 8 on page 3 of this document. This will lodge the Single Touch Payroll Update Event as a Final Lodgement.
