

Purpose

The purpose of this quick reference guide is to step through the process of creating and exporting SuperStream Reports. The intended audience for this document are standard users.

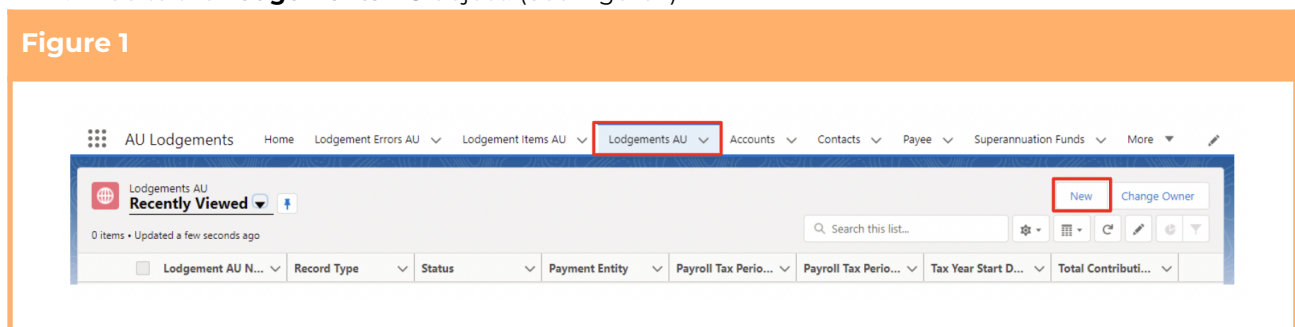

Steps

Create a new SuperStream Record

To create a new SuperStream Report, the following steps should be completed:

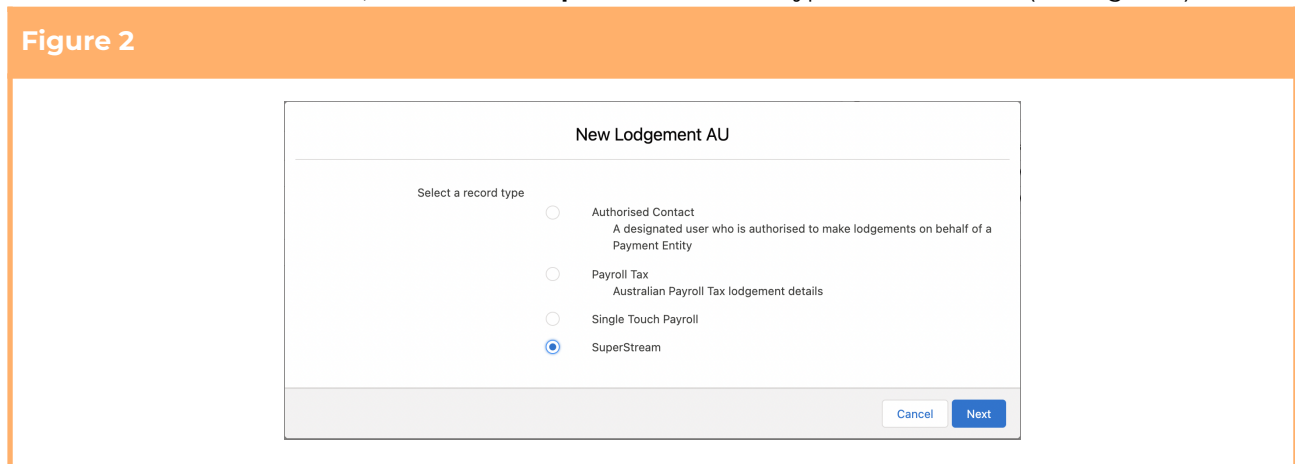

1. Go to the **Lodgements AU** object. (See Figure 1)

Figure 1

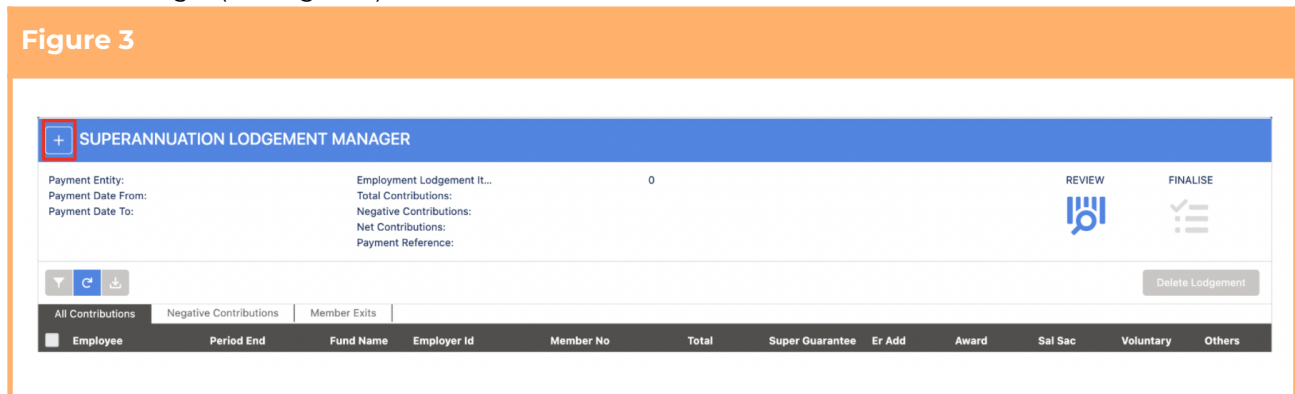

2. Click the **New** button, then choose **SuperStream** record type and click **Next**. (See Figure 2)

Figure 2

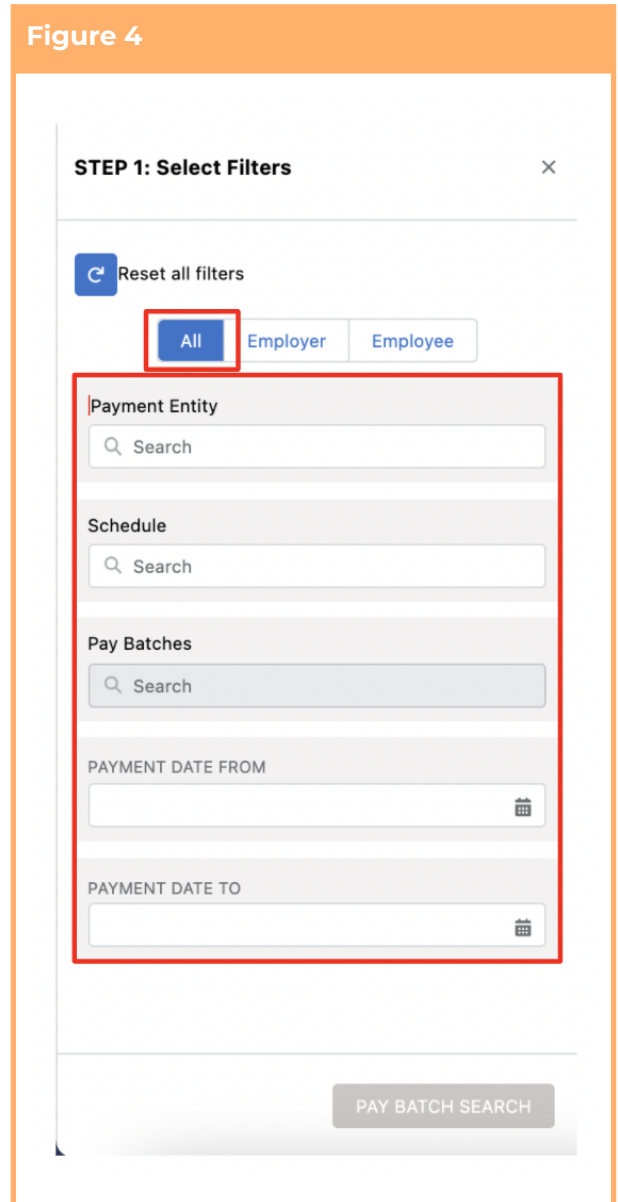

3. Click the  button on the left-hand side of the screen where it says Superannuation Lodgement Manager (See Figure 3)

Figure 3

4. Within this filter screen, users have the option of creating reports specific to Employer, Employee, or All Contributions. Unless you need to split out the report to be specific to Employer or Employee, most users will keep this to the default of **All** (See Figure 4).
5. Populate the Filter Panel with the following fields:
 - a. Payment Entity (up to 5 if required)
 - b. Schedule (up to 5 if required)
 - c. Pay Batches (up to 5 if required)OR
 - d. Payment Date From
 - e. Payment Date To

6. Click on the **Pay Batch Search** button, which becomes available only once the entered fields have records available to proceed and not yet lodged for SuperStream. (See Figure 5)
7. A new panel called 'Select Pay Batches' will appear with a list of those Pay Batches.
8. To create the SuperStream Report, select the required Pay Batch(s) by ticking the checkbox(s) and click **Create Superannuation Lodgement**.

Figure 5

The screenshot shows a two-step process for creating a SuperStream Report. **STEP 1: Select Filters** includes options to reset filters, filter by All, Employer, or Employee, and search for Payment Entity (E&T -2c9), Schedule, and Pay Batches. It also allows setting payment date ranges from 1 Jan 2021 to 30 Jun 2021. A red box highlights the **PAY BATCH SEARCH** button. **STEP 2: Select Pay Batches** shows a table of available pay batches with checkboxes for selection. A red box highlights the **Create Superannuation Lodgement** button.

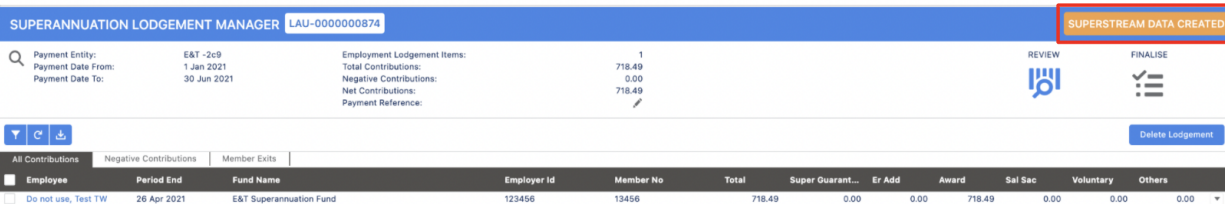

Pay Batch	Schedule	Calendar Period	Payment Date
☒ PB-0000001701	Tech Write Schedule	2021-04-20-2021-04-26	27 Apr 2021

If you need to amend the filters or start again at any time, click **Reset all Filters**.

9. A new SuperStream Batch has been created with the status of SUPERSTEAM DATA CREATED . (See Figure 6)

Figure 6

The screenshot shows the 'SUPERANNUATION LODGEMENT MANAGER' interface for LAU-0000000874. A red box highlights the status 'SUPERSTEAM DATA CREATED'. The interface displays summary statistics for the batch, including Total Contributions of 718.49. Below this is a table of contributions.

For the SuperStream Lodgements to send successfully, ensure the Payee's Contact Record is complete. The report is created and needs to be submitted by the end providers' online portal and each of the end providers have different requirements e.g. Address, Birthdate, Gender, Phone and Mobile.

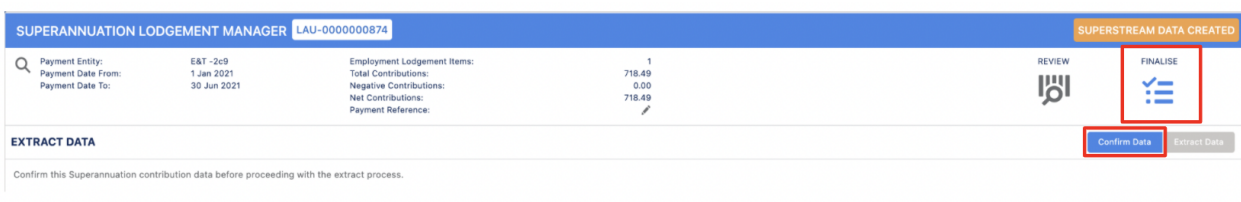

- To check the details of the Contact record, open the relevant Employee record directly from the Lodgements Manager UI or by clicking on **View/Edit Details** button and then clicking on the **Employee** record name (See Figure 8 on the above page). Enter the address details under heading 'Address Information', or check the Birthdate, Gender, Phone or Mobile if they are missing or update the details if they are incorrect. (See Figure 9)

EXTRACT DATA

Select the output file format you wish to use this extract:

Super Choice

Confirm Data Extract Data

The format users need to use will be dependent upon the format required by their superannuation fund/clearing house. Users should be aware of any requirements based on their current processing in their existing payroll software.

16. Click on the blue-coloured **Extract Data** button and then click on **Confirm** button. (See Figure 13)

Figure 13

The screenshot shows a modal dialog box titled 'Extract Data'. It contains the question 'Are you sure you want to extract contribution data using the selected file format?'. At the bottom right, there are two buttons: 'Cancel' and 'Confirm'.

18. The message will change to 'Extract process completed successfully' and the status will change to Superstream Data Extracted. (See Figure 15)
19. A file will download to your computer (shown at the bottom of your screen or in your downloads folder). The file can be opened to review, moved to another folder if required, and is ready to be uploaded/sent to the clearing house/superfund. The same file can be accessed from the 'File' related list to the Lodgement Record.

Figure 15

The screenshot shows the 'SUPERANNUATION LODGEMENT MANAGER' interface. At the top, there is a header bar with the text 'SUPERANNUATION LODGEMENT MANAGER' and a reference number 'LAU-0000000874'. A green notification box in the center states 'Extraction process completed successfully.' with a close button. To the right, a status bar indicates 'SUPERSTREAM DATA EXTRACTED'. Below the header, there is a table with payment details and a summary of contributions. The table includes columns for 'Payment Entity', 'Payment Date From', 'Payment Date To', 'Employment Lodgement Items', 'Total Contributions', 'Negative Contributions', 'Net Contributions', and 'Payment Reference'. The 'Payment Entity' is 'E&T -2c9', 'Payment Date From' is '1 Jan 2021', and 'Payment Date To' is '30 Jun 2021'. The 'Employment Lodgement Items' is '1'. The 'Total Contributions' is '718.49', 'Negative Contributions' is '0.00', and 'Net Contributions' is '718.49'. The 'Payment Reference' is a small icon. Below the table, there is a section titled 'EXTRACT DATA' with a dropdown menu for 'Select the output file format you wish to use this extract:' and a button 'Super Choice'. On the right side, there are buttons for 'REVIEW' and 'FINALISE', and a 'Confirm Data' button.

If opening the csv file, it's recommended to use a text editor to review, rather than a spreadsheet application, to ensure there is no interference with the required formatting of fields.
