

Purpose

The purpose of this quick reference guide is to step through the process of Leave Rule Items setup. The intended audience for this document are Standard Users.

Steps

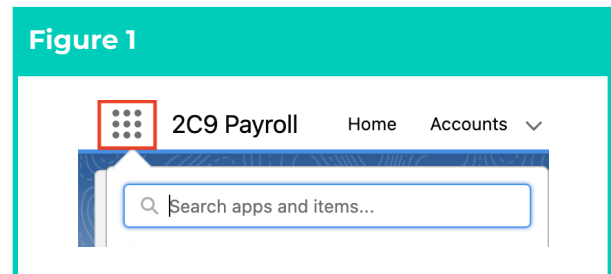

Create Related Leave Rule Items

Having defined the governing Leave Rule, the Leave Rule Item object is used to define the desired accrual characteristics. If a Leave Rule requires accruals, they must have at least one related Leave Rule Item record.

To create a Leave Rule Item record, follow the steps below:

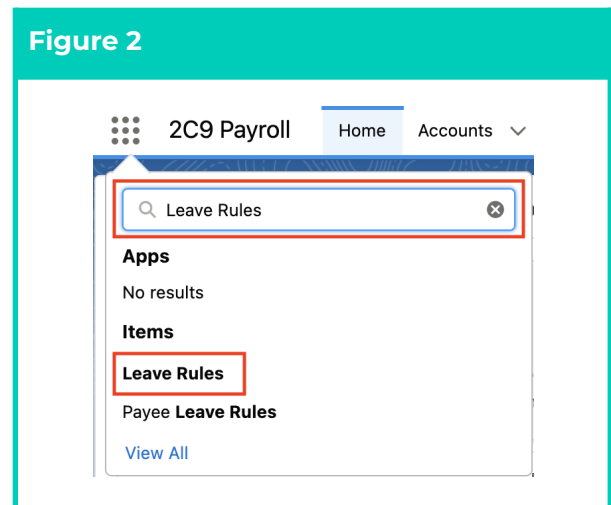

1. Click on the **App Launcher** icon. (See Figure 1)

Figure 1

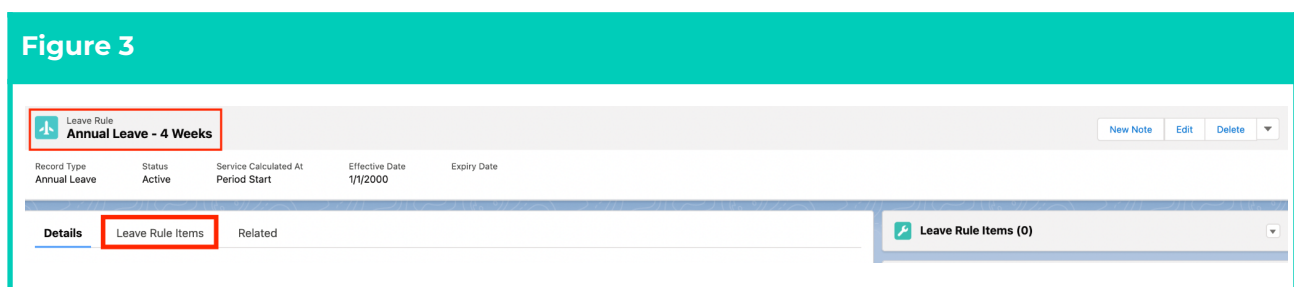

2. Go to the **Leave Rules** object by using the Search function. (See Figure 2)

Figure 2

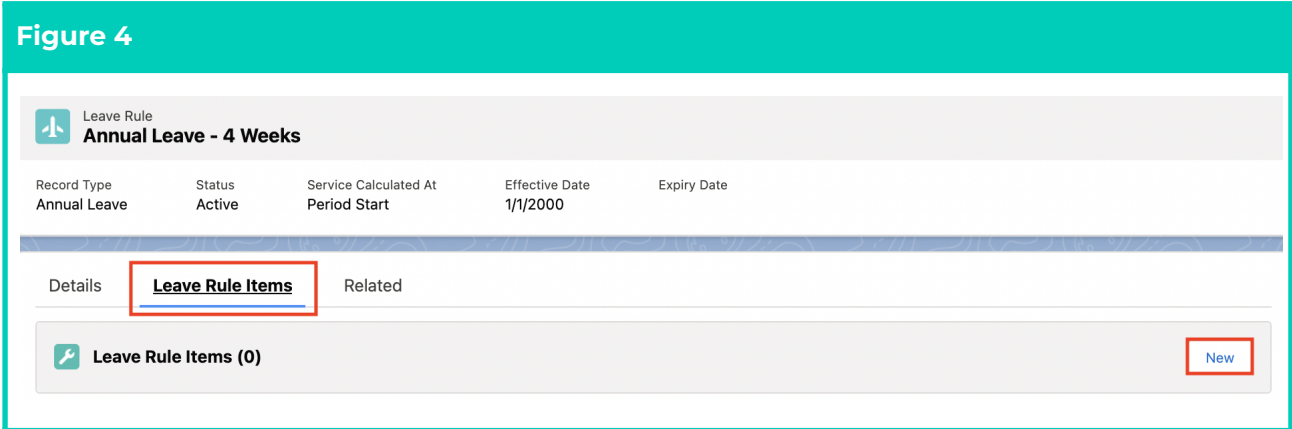

3. Open the required Leave Rule record. (See Figure 3)
4. Within the Leave Rule record, click on the **Leave Rule Items** tab.

Figure 3

- On the Leave Rule Items panel, click on the **New** button. (See Figure 4)

Figure 4

The screenshot shows a record titled 'Annual Leave - 4 Weeks'. Below the title, there are fields for Record Type (Annual Leave), Status (Active), Service Calculated At (Period Start), Effective Date (1/1/2000), and Expiry Date. A tabbed interface at the bottom shows 'Details', 'Leave Rule Items' (selected and highlighted with a red box), and 'Related'. Below the tabs, there is a section for 'Leave Rule Items (0)' with a 'New' button highlighted by a red box.

- Populate the following required fields to provide the base details of the Leave Rule Item record: (See Figures 5 and 6)
 - Leave Rule** (should be pre-populated)
 - Sort Order**
 - Accrual Type** (Fixed Per Period, Leave Grant, Units per Hour Worked)
 - Accrual Rate** (based on the type selected)
- When there is only one accrual rate for the entirety of the Leave Rule, populate the following fields as per below: (See Figures 5 and 6)
 - Service Units** = Years
 - Service Starts At** = 0
 - Service Ends At** = 999

Alternatively; when the Accrual Rate changes at a defined period, create two or more Leave Rule Items by populating the following fields as per below: (See Figures 5 and 6)

Leave Rule Item 1:

- Service Units** = Years
- Service Starts At** = 0
- Service Ends At** = x
Where x = number of units after which the Accrual Rate changes

Leave Rule Item 2:

- Service Units** = Years
- Service Starts At** = x+1
- Service Ends At** = y
Where y = number of units after which Accrual Rate again changes, or ceases (in that case would be 999)

And then repeat again as many times as required until all the required Leave Rule Items are created to cover all the defined accrual rate changes needed.

If the Leave Rule has accruals that are ongoing, it's recommended to ensure the final Leave Rule Item has a "Service Ends At" value that will cover the entirety of a possible employment period (i.e 999 Years).

- Click on the **Save** button.

9. The Leave rule Item is now created, and is visible under the Leave Rule Item panel. To create another Leave Rule Item if there is a change to the accrual(s), select the **New** button and repeat steps 5-7.
10. To review the details of the record, click on the name of the **Leave Rule Item** record. (See Figure 7)

Figure 7

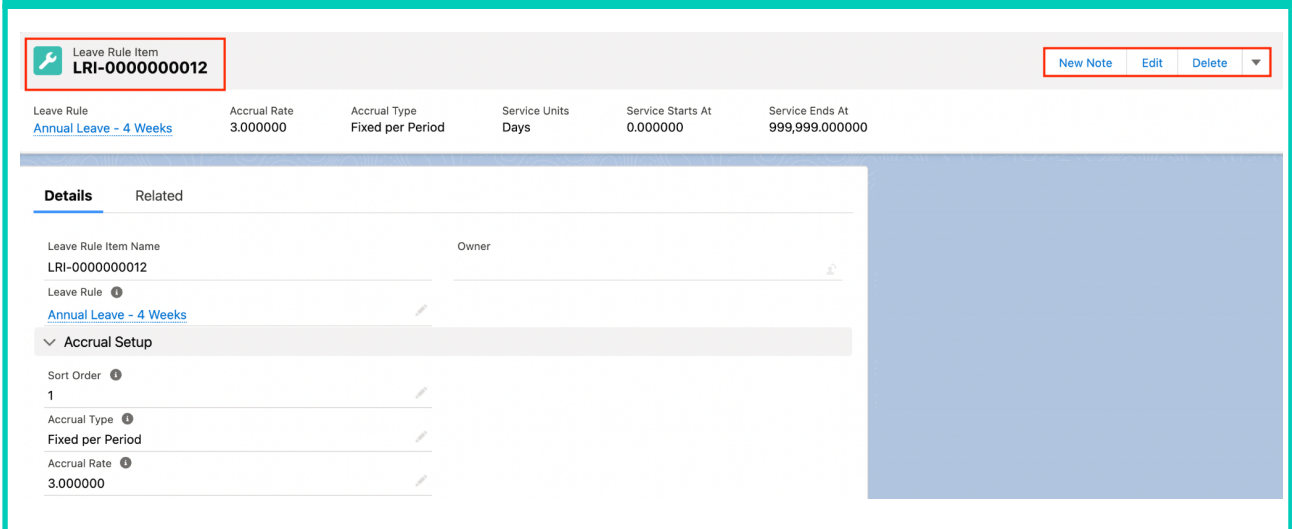

The screenshot shows the 'Annual Leave - 4 Weeks' panel. At the top, there are buttons for 'New Note', 'Edit', and 'Delete'. Below this, a table lists the Leave Rule Item details. The table has columns for 'Leave Rule Item Name', 'Sort Order', 'Accrual Type', and 'Accrual Rate'. A single row is visible with the ID 'LRI-0000000012', Sort Order '1', Accrual Type 'Fixed per Period', and Accrual Rate '3.000000'. A 'View All' link is at the bottom of the table.

Leave Rule Item Name	Sort Order	Accrual Type	Accrual Rate
LRI-0000000012	1	Fixed per Period	3.000000

11. To view the details of the Leave Rule Item or to make any edits, please do so from here. (See Figure 8)

Figure 8

The screenshot shows the details page for the Leave Rule Item 'LRI-0000000012'. The page has a header with 'New Note', 'Edit', and 'Delete' buttons. Below the header, a table displays the item's details: Leave Rule 'Annual Leave - 4 Weeks', Accrual Rate '3.000000', Accrual Type 'Fixed per Period', Service Units 'Days', Service Starts At '0.000000', and Service Ends At '999,999.000000'. The 'Details' tab is active, showing a form with fields for 'Leave Rule Item Name', 'Leave Rule', 'Accrual Setup', 'Sort Order', 'Accrual Type', and 'Accrual Rate'. Each field has a pencil icon for editing.

Leave Rule Item Name	Leave Rule	Accrual Setup	Sort Order	Accrual Type	Accrual Rate
LRI-0000000012	Annual Leave - 4 Weeks	Fixed per Period	1	Fixed per Period	3.000000

A Leave Rule may have multiple Leave Rule Item records, and these will be processed in ascending Sort Order, and in line with the service starts and service ends dates.

Leave Rule Item records CAN NOT be deleted if they have related records or are used in other records. Deleting records is not recommended unless absolutely essential.

12. To modify an existing **Leave Rule Item** record, open the required record and select the **Edit** button available on the top right side of the page. You can also double click in any of the fields that need editing or just click on the pencil icon  that appears within fields when you move your cursor over the field.
13. When complete, click on the **Save** button.

Field Descriptions

Leave Rule Items

Accrual Rate is the value to be used within the accrual calculation process, based on the Accrual Type selected.

Accrual Type indicates how the accruals for this Leave Rule will be calculated. The picklist values are Fixed Per Period, Leave Grant and Units per Hour Worked.

Leave Rule is a lookup to the related Leave Rule record.

Leave Rule Item Name is the auto-generated name given to the Leave Rule Item record.

Service Units Where the accrual is service based this field defines the service period in association with Service Starts At and Service Ends At.

Service Starts At where the accrual is service based this field defines the point at which this Leave Rule Item is applied.

Service Ends At where the accrual is service based this field defines the point at which this Leave Rule Item ends.

Sort Order where multiple Leave Rule Items are related to the same Leave Rule this field indicates the order in which the Leave Rule Items should be assessed.
