

Purpose

The purpose of this quick reference guide is to step through the process of requesting Stapled Superannuation through the ATO using the Super Stapling Quick Action button on the Payee record. The intended audience for this document are Payroll Users.

Steps

Checking an employee's stapled superannuation information

Checking an employee's Stapled Superannuation Information is completed in 3 steps

1. The system will determine if sufficient information is already prepared for inclusion within an STP lodgement to provide the relevant employee information to the ATO required to access the Employee's Stapled Superannuation information. If not, a zero dollar record is created ready for validation and lodgment.
2. The STP validation and lodgment is completed as normal via the STP Manager within 2cloudnine Payroll
3. Once the lodgement has been successfully received by the ATO, the employer can login to the ATO Online Services and lookup the employee's Stapled Super information.

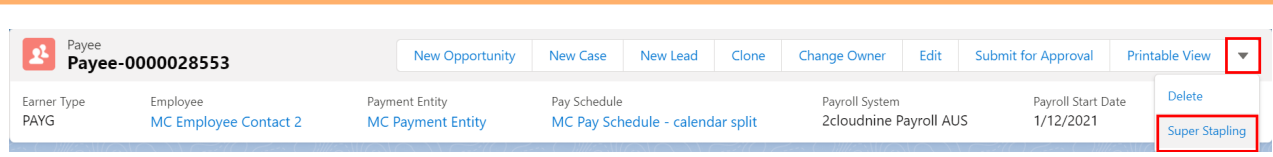

If the employee has already been included in an STP Event submitted to the ATO, or a TFN Declaration has been provided to the ATO, the required access to view the employee's Stapled Super Fund will already be provided via ATO Online Services. In this event steps 1 and 2 above can be skipped.

Determining if a zero dollar STP update event needs to be lodged

To determine if a zero dollar STP lodgement needs to be sent to the ATO so an employee's Stapled Superannuation Information can be accessed, the following steps should be completed:

1. Go to the **Payee** object and open the Payee record that requires the Stapled Superannuation to be checked.
2. Click on the action button  (see Figure 1)
3. Select the **Stapling Super** option
The Super Stapling page will open

Figure 1

The screenshot shows a 'Payee' record for 'Payee-0000028553'. At the top, there are several action buttons: 'New Opportunity', 'New Case', 'New Lead', 'Clone', 'Change Owner', 'Edit', 'Submit for Approval', 'Printable View', and a dropdown menu. The dropdown menu is open, showing options: 'Delete' and 'Super Stapling'. The 'Super Stapling' option is highlighted with a red box. Below the buttons, there is a table with the following data:

Earnar Type PAYG	Employee MC Employee Contact 2	Payment Entity MC Payment Entity	Pay Schedule MC Pay Schedule - calendar split	Payroll System 2cloudnine Payroll AUS	Payroll Start Date 1/12/2021
---------------------	-----------------------------------	-------------------------------------	--	--	---------------------------------

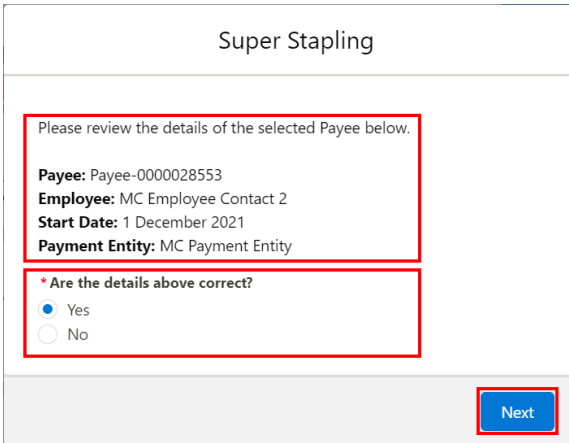

If the relevant employee has not provided their TFN, the required information can not be sent to the ATO and a message will be displayed accordingly (see Figure 2). No further action can be taken until the TFN is provided.

4. Check to ensure the information provided is correct and if so, select the **Yes** option (see Figure 2)
5. Click the Next button

If the displayed information was incorrect, update the relevant information within the Payee record before initiating the Super Stapling page again.

Figure 2

Super Stapling

Please review the details of the selected Payee below.

Payee: Payee-0000028553
Employee: MC Employee Contact 2
Start Date: 1 December 2021
Payment Entity: MC Payment Entity

* Are the details above correct?

☒ Yes
☐ No

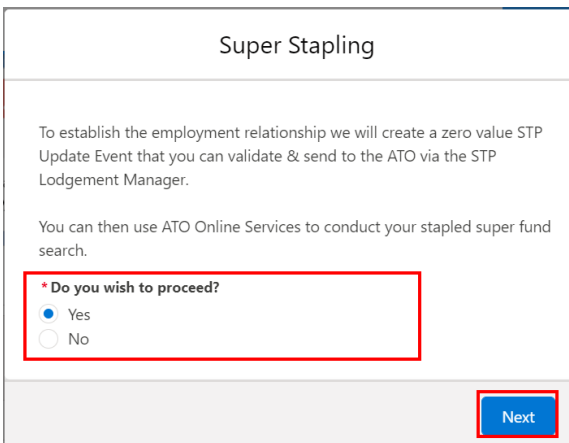

Next

6. Read the provided information and, if you would like to proceed, select the **Yes** option (see Figure 3)
7. Click the Next button
 The STP record will be created ready for validation and lodgment via the STP Manager. A launch button for the STP Manager is available from the final Super Stapling screen

If you do not agree to the zero value STP record being created, no further action can be taken at this time.

Figure 3

Super Stapling

To establish the employment relationship we will create a zero value STP Update Event that you can validate & send to the ATO via the STP Lodgement Manager.

You can then use ATO Online Services to conduct your stapled super fund search.

* Do you wish to proceed?

☒ Yes
☐ No
