

Create an Assignment - Employee

Purpose

The purpose of this quick reference guide is to step through the process of setting up an Assignment record. The intended audience for this document is System Administrators / Standard Users.

This record type of Assignment holds the general information, role details, Employee details, Payee Details, and Approver details for an Employee's placement.

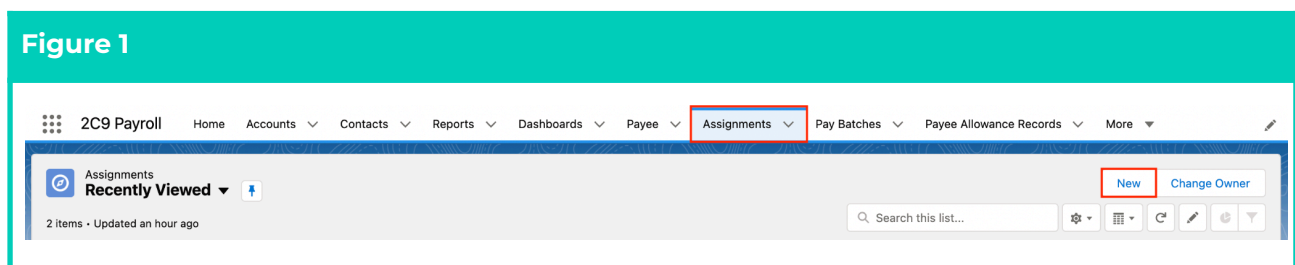

Steps

Create a new Assignment record - Employee

Create an Assignment record by following the below steps:

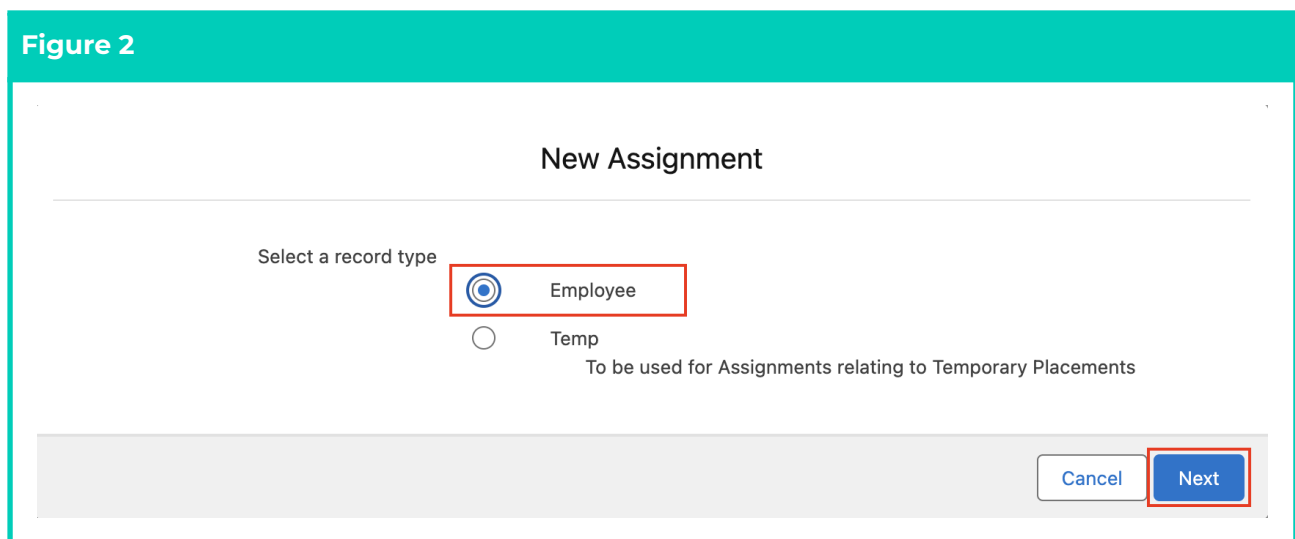

1. Go to the **Assignments** tab (see Figure 1).
2. Click the **New** button.

Figure 1

3. Select the **Employee** record type from the picklist options (see Figure 2).
4. Click the **Next** button.

Figure 2

5. Populate the following required fields to provide base details of the Assignment (see Figure 3):
 - a. **Assignment Name**
 - b. **Assignment Start Date**
 - c. **Employee**
 - d. **Payee** (must relate to the Employee record)
 - e. **Client**
 - f. **Payment Entity**
 - g. **Pay Schedule** (must match with Payee)
 - h. **Leave Approver**

Create an Assignment - Employee

6. Populate the following optional fields as needed (see Figure 3):
 - a. To set an end date for the Assignment record, populate the **Assignment End Date** field. If left blank, no Assignment End Date will apply
 - b. To calculate Public Holidays when an Assignment has an associated Assignment Schedule record, populate the optional field **Public Holiday Calendar**. Please note that this field should only be added to the Page Layout if you would like the Public Holiday Calendar to default on the related Assignment Schedules from this field.
 - c. To allow the Leave Approver notifications to be sent to an alternative contact, populate the **Alternative Leave Approver** field. If left blank, no Alternative Leave Approver will be allocated.
 - d. To prevent the Status of the Assignment record from being automatically updated by the Automatic Status Update Scheduled Job, tick the **Exclude From Auto Update** checkbox.

Assignment records **CANNOT** be deleted if they have related records or are used in other records. Deleting records is not recommended unless absolutely essential.

If the Assignment has an associated Assignment Schedule record, the User can populate the Public Holiday Calendar directly on the Assignment Schedule record, or if they do so on the Assignment, it will default on the Assignment Schedule.

9. To modify an existing **Assignment** record, open the required record and select the **Edit** button available on the top right side of the page. You can also double-click in any of the fields that need editing or just click on the pencil icon  that appears within fields when you move your cursor over the field.
10. When complete, click on the **Save** button.
