

Purpose

The purpose of this quick reference guide is to step through the process of creating and managing Assignment Schedules as a means of relating a Published Work Schedule to an Assignment. The intended audience for this document are Standard Payroll Users.

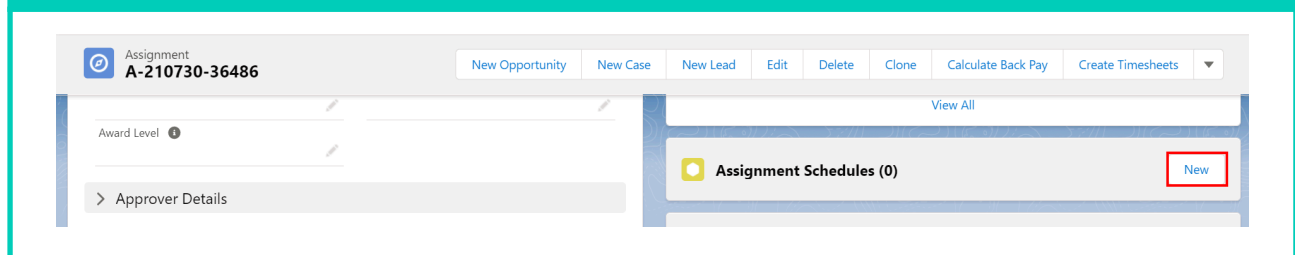

Steps

Create Assignment Schedules

Assignment Schedules form the relationship between a Published Work Schedule record and the Assignment record.

1. The creation of a new Assignment Schedule can be initiated from 3 different locations:
 - a. Go to **App Launcher > Assignment**. Within the Assignment record, click the **New** button under the Assignment Schedule related list (see Figure 1). This is the recommended approach as then the details of the Assignment will also default on it.

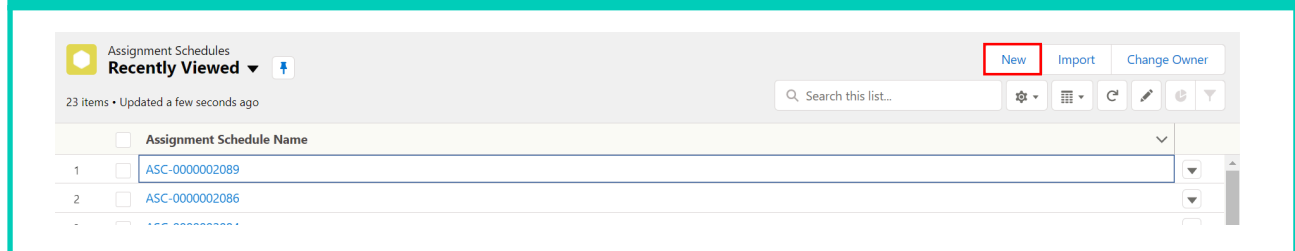

Figure 1

OR

- b. Go to **App Launcher > Assignment Schedules**. Click on the **New** button on the Assignment Schedule list view (see Figure 2).

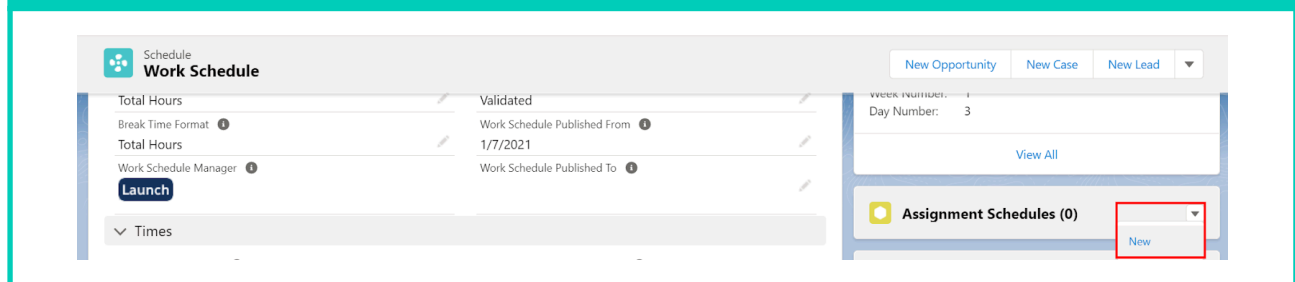

Figure 2

OR

- c. Go to **App Launcher > Work Schedule**. Within the Work Schedule record, click the **New** button under the Assignment Schedule related list (see Figure 3).

Figure 3

2. In all of these locations, once the **New** button is clicked, a new Assignment Schedule record will open ready to be populated with the necessary details.
3. Populate the following required fields: (see Figure 4)
 - a. **Work Schedule**
 - b. **Assignment record**
 - c. **Effective Date**
4. To add an expiry date to the record, populate the optional field **Expiry Date** (see Figure 4).
5. The following 3 fields can be left blank to auto-populate upon saving the record, based on the values in the associated Assignment, or alternatively Users can manually populate them: (see Figure 5)
 - a. To assign this Work Schedule record to a specific Payee, populate the **Payee** field.
 - b. To assign this Work Schedule record to a specific Employee, populate the **Employee** field.
 - c. To allocate a Public Holiday Calendar to this Work Schedule record which will be used to calculate payment on public holidays, populate the **Public Holiday Calendar** field.
6. Click on the **Save** button.

Information held on the Assignment Schedule can now be used for auto-populating the Timesheet Entries and Payroll Processing.

If the related Assignment has a Record Type of Employee, the Public Holiday Calendar can be set on the Assignment which will default it on the Assignment Schedule.

7. A new **Assignment Schedule** record is now created. (See Figure 5)

Figure 5

The screenshot displays the 'Assignment Schedule' page in the 2C9 Payroll system. The breadcrumb trail at the top reads: 2C9 Payroll > Home > Accounts > Contacts > Reports > Dashboards > Payee > Assignments > Pay Batches > Payee Allowance Records. The main header shows 'Assignment Schedule' and the record ID 'ASC-0000000012'. Below this, there are two tabs: 'Details' (selected) and 'Related'. The 'Details' tab is divided into two columns. The left column contains: 'Assignment Schedule Name' (ASC-0000000012), 'Work Schedule' (7.6 hrs Mon-Fri (total hrs) with a pencil icon), 'Assignment' (A-211010-00000 with a pencil icon), and 'View Work Schedule Calendar' (with a 'View' button). The right column contains: 'Owner' (with a user icon), 'Record Type' (Work Schedule with a pencil icon), and 'Exclude From Auto Update' (checkbox). Below these is a 'Details' section with a dropdown arrow. It contains: 'Effective Date' (1/7/2024 with a pencil icon), 'Expiry Date' (with a pencil icon), 'Status' (Pending with a pencil icon), 'Payee' (Payee-0000000000 with a pencil icon), 'Employee' (Loretta Berlinger with a pencil icon), and 'Public Holiday Calendar' (VIC Public Holidays with a pencil icon).

A Work Schedule cannot be related to an Assignment record until it has been successfully Published.

Assignment Schedule records CAN NOT be deleted if they have related records or are used in other records. Deleting records is not recommended unless absolutely essential.

- a. To modify an existing **Assignment Schedule** record, open the required record and select the **Edit** button available on the top right side of the page. You can also double-click in any of the fields that need editing or just click on the pencil icon  that appears within fields when you move your cursor over the field.
- b. When complete, click on the **Save** button.

Field Descriptions

Assignment is the related Assignment record.

Effective Date is the effective date of this Assignment Schedule.

Employee is the related Employee record.

Exclude From Auto Update When this box is checked the record will be skipped by the Automatic Status Update scheduled job.

Expiry Date is the Expiry date of this Assignment Schedule.
