

Purpose

The purpose of this quick reference guide is to step through the process of creating a new Work Schedule using the Work Schedule Manager. The intended audience for this document is Standard Payroll Users.

Steps

Create a Work Schedule Record

To create a Work Schedule record, the following steps should be completed:

1. Click on the **App Launcher** icon (see Figure 1).
2. Go to the **Schedules** object by using the Search function (see Figure 2).

Figure 1

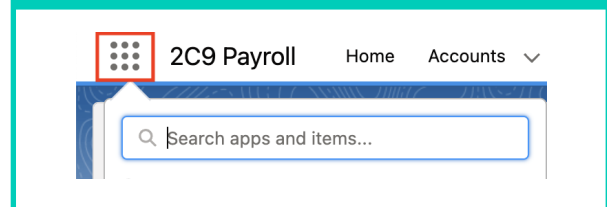

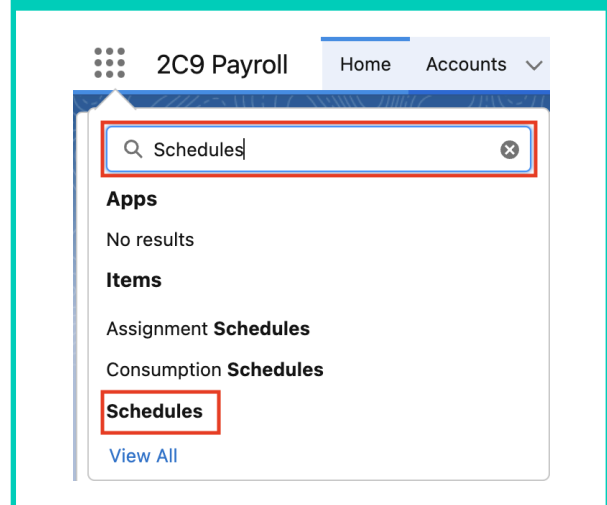

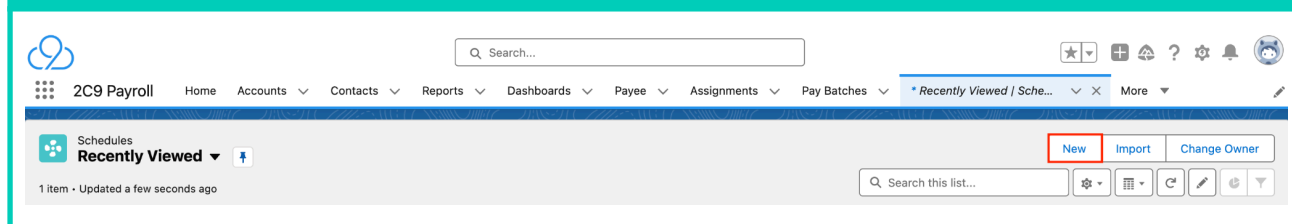

Figure 2

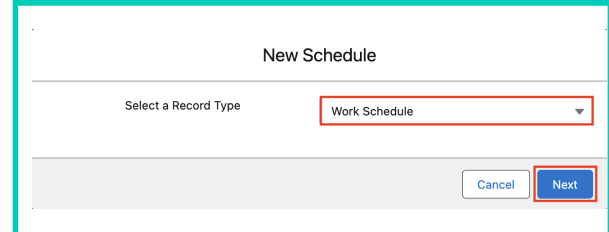

3. Click on the **New** button (see Figure 3).

Figure 3

4. Select the **Work Schedule** record type from the picklist options (see Figure 4).
5. Click on the **Next** button.

Open and edit an existing Work Schedule

If you wish to open and edit an existing Work Schedule after exiting the Work Schedule Manager, follow the below steps:

1. Go to the **Schedules** object.
2. From the list view picklist, select the view that will include the Work Schedule record to be opened.
3. Navigate to the required record.
4. Click on the **Launch** button (see Figure 7).

The Work Schedule record will open ready for use in the Work Schedule Manager (see Figure 8).
