Next

- Click on the **Credit Reason** picklist and select a suitable value for reporting purposes (see Figure 7).

Figure 7

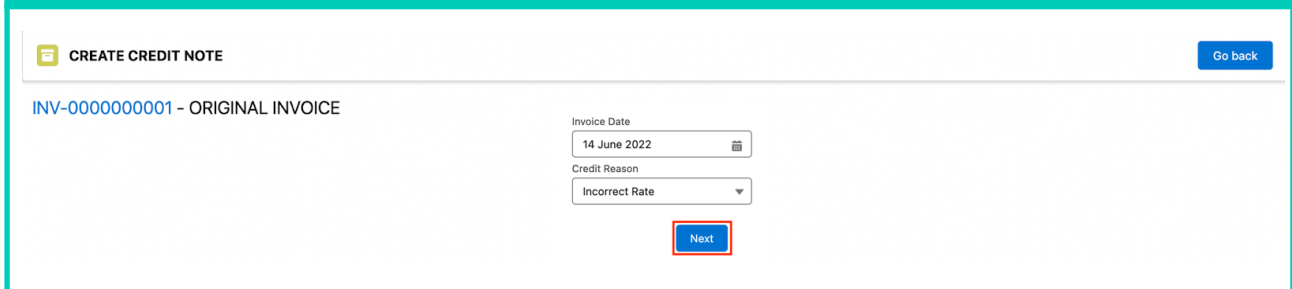

The screenshot shows a form with two fields. The first field is 'Invoice Date' with a value of '14 June 2022' and a calendar icon. The second field is 'Credit Reason' with a dropdown menu. The dropdown menu is open, showing two options: 'Incorrect Rate' and 'Incorrect Quantity'. The 'Incorrect Rate' option is highlighted with a red border.

Orgs can be configured with additional Credit Reasons if required. To do so, please contact your System Administrator or your Customer Success contacts.

- Click on the **Next** button (see Figure 8).

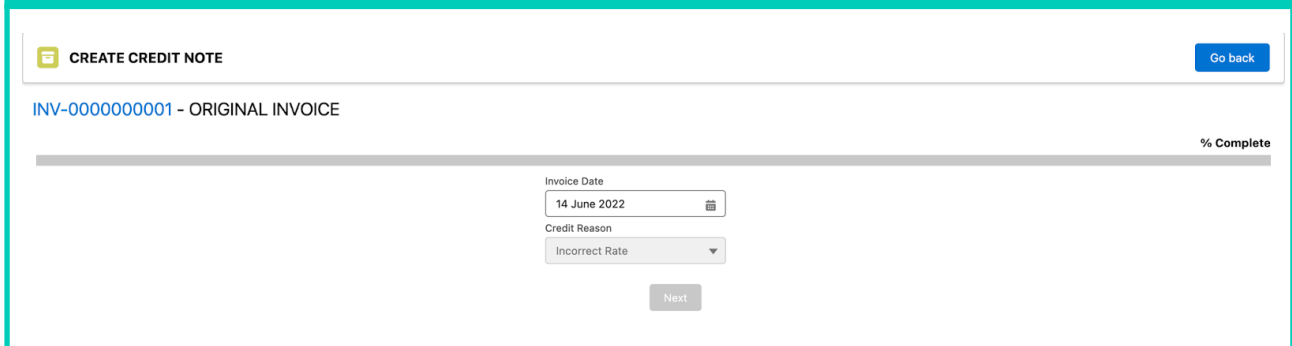

Figure 8

The screenshot shows the 'CREATE CREDIT NOTE' form. At the top, there is a 'Go back' button. Below it, the text 'INV-0000000001 - ORIGINAL INVOICE' is displayed. The form contains two fields: 'Invoice Date' with a value of '14 June 2022' and a calendar icon, and 'Credit Reason' with a dropdown menu showing 'Incorrect Rate'. Below these fields is a 'Next' button, which is highlighted with a red border.

- You will see a progress bar as shown in the screenshot below (see Figure 9).

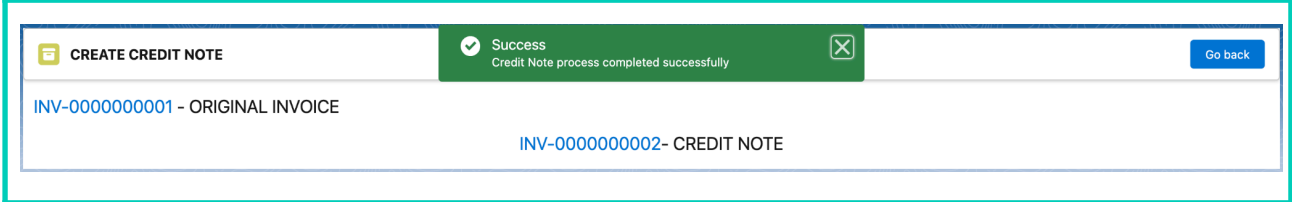

Figure 9

The screenshot shows the 'CREATE CREDIT NOTE' form with a progress bar. At the top, there is a 'Go back' button. Below it, the text 'INV-0000000001 - ORIGINAL INVOICE' is displayed. A progress bar is shown below the text, with a label '% Complete' on the right. The form contains two fields: 'Invoice Date' with a value of '14 June 2022' and a calendar icon, and 'Credit Reason' with a dropdown menu showing 'Incorrect Rate'. Below these fields is a 'Next' button, which is now disabled (greyed out).

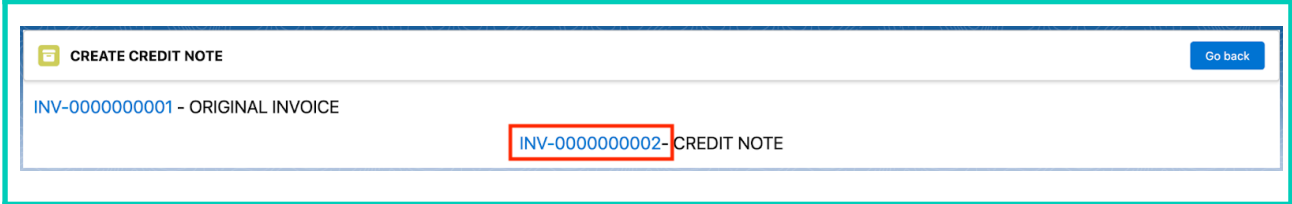

- When created successfully, you will then see a Success notification saying 'Success! Credit Note process completed successfully' (see Figure 10).

Figure 10

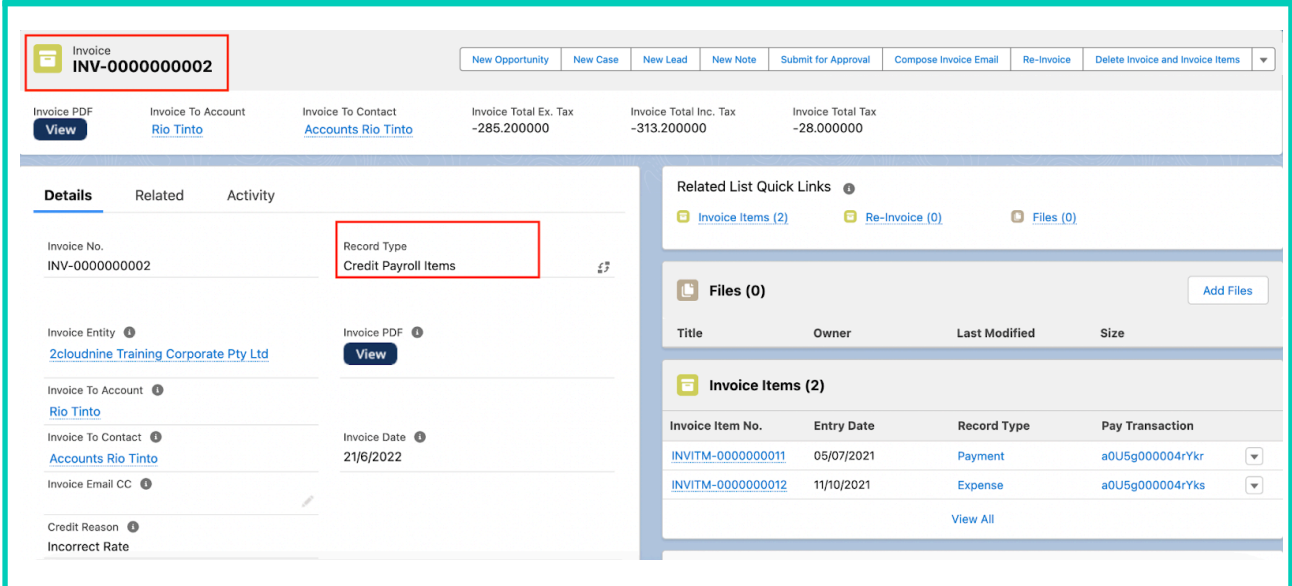

- Click on the Invoice Number link displayed next to the words 'Credit Note' to open the Credit Note record just created (see Figure 11). If users would prefer to go back to the original Invoice, they can select the Invoice Number link displayed next to the words 'Original Invoice' (this will now have the additional Credit Note details populated on the Original Invoice).

Figure 11

- The Credit Note will be assigned an Invoice Number, but will be created as a Record Type of Credit Payroll Items or Credit Invoiceable Fees based on the original Invoice Record Type (see Figure 12).

Figure 12

Invoice Item No.	Entry Date	Record Type	Pay Transaction
INVITM-0000000001	05/07/2021	Payment	a0U5g000004rYkr
INVITM-0000000002	11/10/2021	Expense	a0U5g000004rYks

If users require a replacement of the original Invoice with changes, this can be done from this Credit Note. For the detailed steps on how to complete this, please refer to the [Creating Re-Invoice QRG](#).

Delete Credit Notes

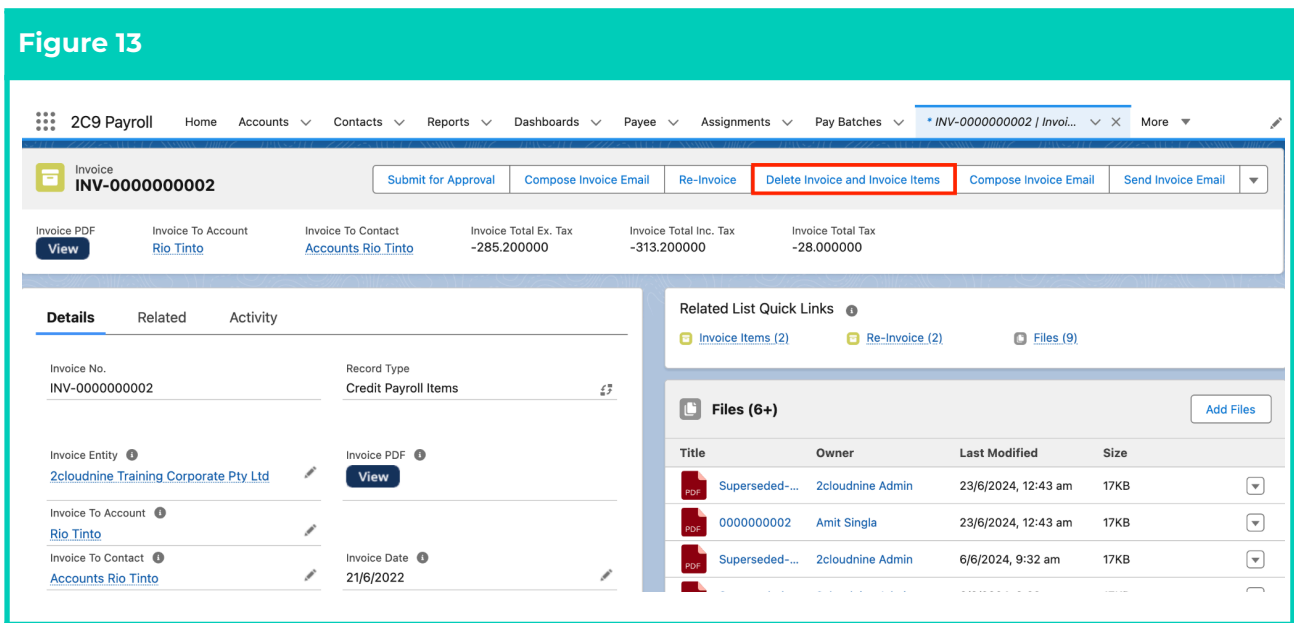

In some circumstances, the need to delete a Credit Note is required, but this is only possible if the following criteria is met:

- The Credit Note has not been sent to the Client; and
- The Credit Note field 'Invoice Payments Total' remains blank; and
- The Credit Note has not been reflected in the GL Accounting Invoices.

If the above are all true, then the Credit Note can be deleted by:

- Users selecting the **Delete Invoice and Invoice Items** button on the individual Credit Note (see Figure 13).

Figure 13

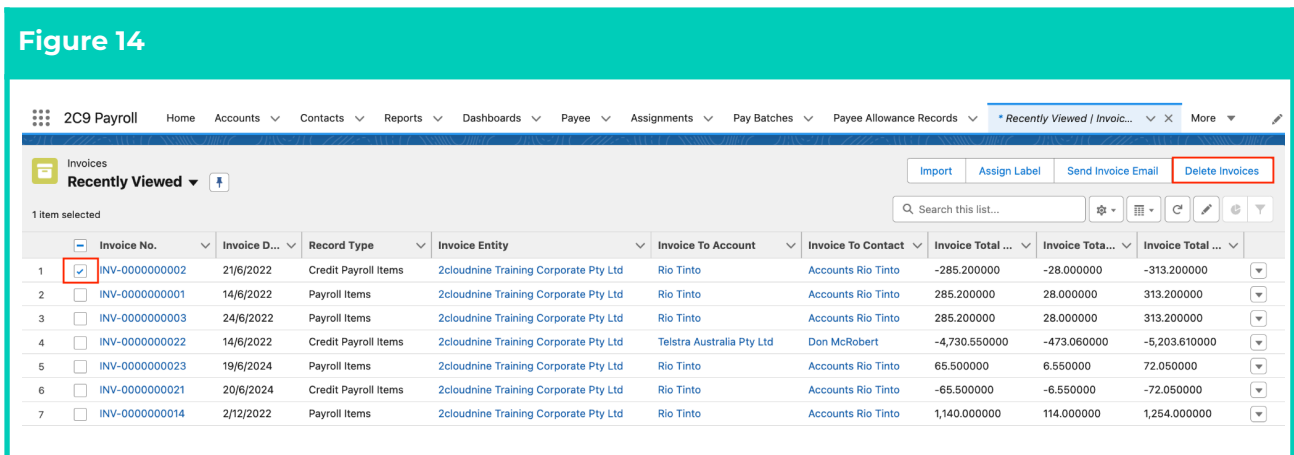

The screenshot shows the '2C9 Payroll' interface. At the top, there's a navigation bar with various menu items. Below it, a breadcrumb trail shows the path to the invoice. The main header area contains the invoice number 'INV-0000000002' and several action buttons: 'Submit for Approval', 'Compose Invoice Email', 'Re-Invoice', 'Delete Invoice and Invoice Items' (highlighted with a red box), 'Compose Invoice Email', and 'Send Invoice Email'. Below the header, there's a section for 'Invoice PDF' and 'View' button. The main content area is divided into 'Details', 'Related', and 'Activity' tabs. Under 'Details', there's a form with fields for 'Invoice No.', 'Invoice Entity', 'Invoice To Account', 'Invoice To Contact', 'Invoice Date', and 'Record Type'. The 'Delete Invoice and Invoice Items' button is also visible in the 'Related List Quick Links' section.

OR

- Users selecting suitable Credit Notes to be deleted from the List View and then clicking the **Delete Invoices** button (see Figure 14).

Figure 14

The screenshot shows the '2C9 Payroll' interface in the 'Recently Viewed' list view. The top navigation bar is the same. Below it, there's a section for 'Invoices' with a 'Recently Viewed' dropdown. The main content area is a table with columns: 'Invoice No.', 'Invoice D...', 'Record Type', 'Invoice Entity', 'Invoice To Account', 'Invoice To Contact', 'Invoice Total ...', 'Invoice Total...', and 'Invoice Total ...'. The first row is selected, and the 'Delete Invoices' button is highlighted with a red box. Below the table, there's a search bar and a list of actions: 'Import', 'Assign Label', 'Send Invoice Email', and 'Delete Invoices' (highlighted with a red box).

If the Delete button will not proceed to completing the deletion of the Credit Note(s), then Users will be required to proceed with creating a Re-Invoice, please refer to the QRG Creating Re-Invoices.
