

Sending Invoices and Credit Notes

Purpose

The purpose of this quick reference guide is to step through the process of sending Invoices and Credit Notes. The intended audience for this document is Standard Payroll Users.

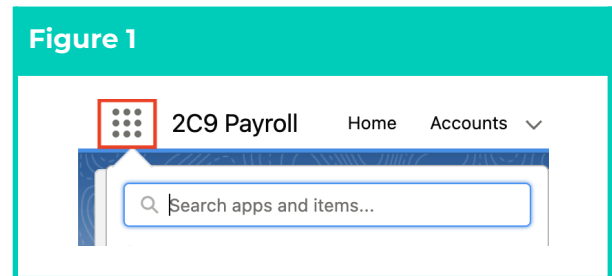

Steps

Sending Bulk Invoices and Credit Notes

To send Invoices and Credit Notes in bulk, follow the steps below:

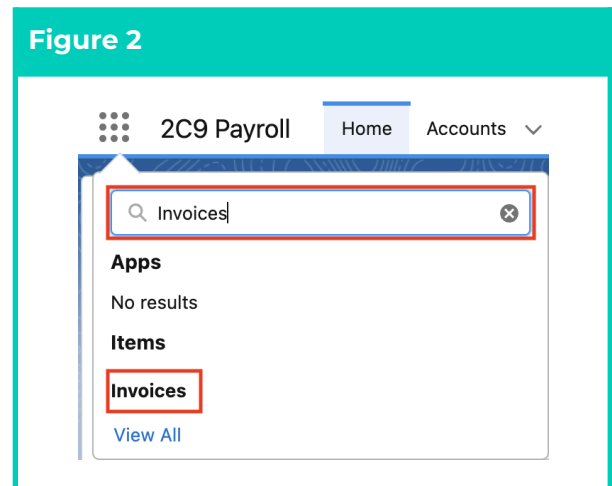

1. Click on the **App Launcher** icon (see Figure 1).

Figure 1

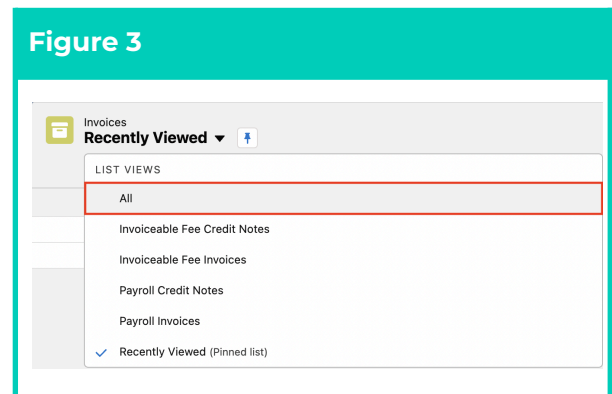

2. Go to the **Invoices** object by using the Search function (see Figure 2).

Figure 2

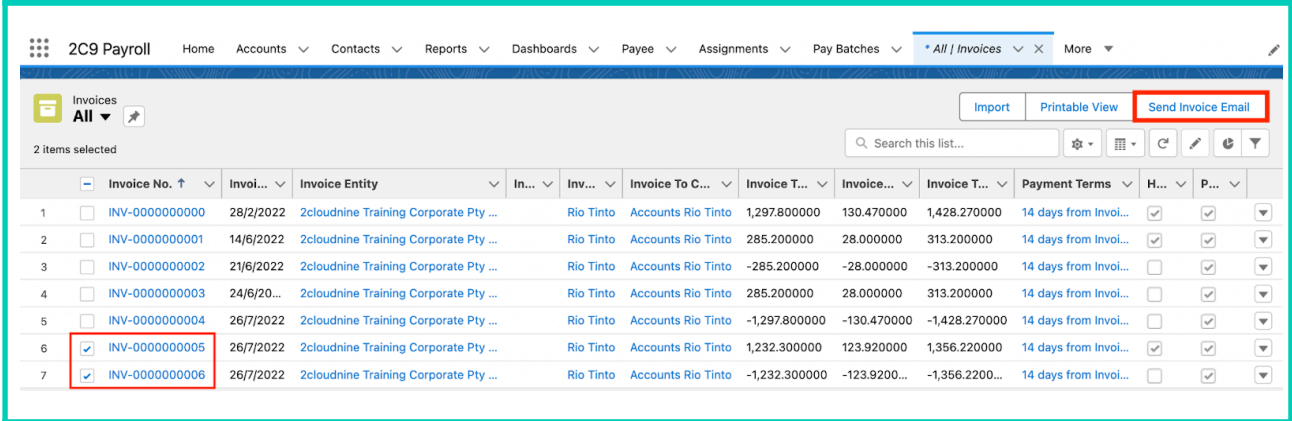

3. From the displayed List View, if required, click on the down arrow and select a relevant List View (see Figure 3).

Figure 3

4. Select the required Invoices and Credit Notes for sending by ticking the checkboxes as shown below, and click on the **Send Invoice Email** button. To send all the listed Invoices, you can select the checkbox in the heading line next to the Invoice No. column (see Figure 4).

Important Notes

(New PDF replacing the existing PDF)

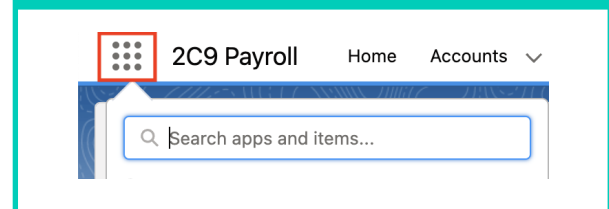

After selecting the **Send Invoice Email** button, a new PDF of the Invoice will be created for each record selected and sent to the **Invoice to Contacts**, replacing any existing PDF. The existing PDFs, if any, will be updated and renamed with the prefix 'Superseded', but will remain attached as **Files** to this Invoice Record.

Sending Individual Invoices and Credit Notes

To send Invoices and Credit Notes individually, follow the steps below:

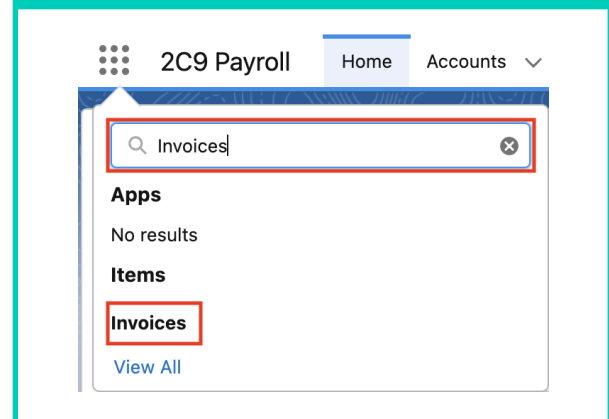

1. Click on the **App Launcher** icon (see Figure 7).

Figure 7

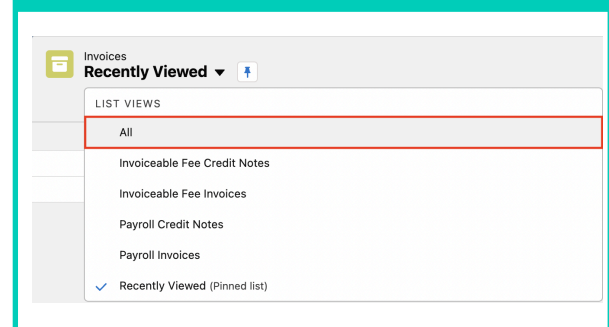

2. Go to the **Invoices** object by using the Search function (see Figure 8).

Figure 8

3. From the displayed List View, if required, click on the down arrow and select a relevant List View (see Figure 9).

- To send an Invoice without customising the email message or recipients, click on the  down arrow and then click on the **Send Invoice Email** button (see Figure 11). To customise the email message and recipients, skip to step 8.

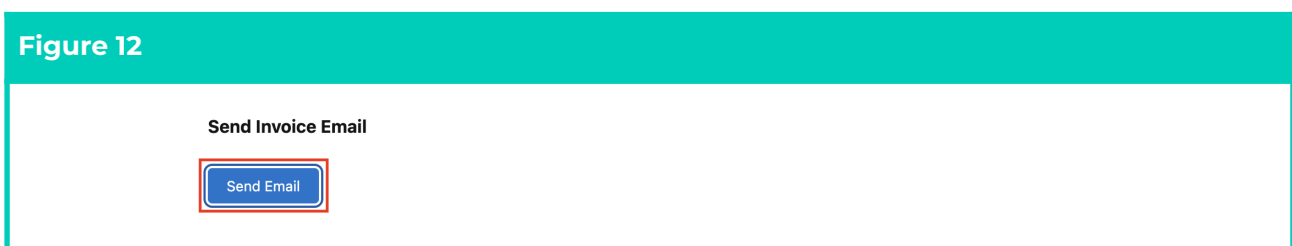

Figure 11

The screenshot shows the 'Invoice' details page for INV-0000000000. The 'Details' tab is active, showing invoice information. A dropdown menu is open, showing options: 'Compose Invoice Email', 'Create Invoice PDF', and 'Send Invoice Email' (highlighted in red). The 'Files' section shows a list of files, including '0000000000...', 'Superseded...', and 'Superseded...'. The 'Send Invoice Email' button is highlighted in red.

- A pop-up will appear. Click on the **Send Email** button (see Figure 12).

Figure 12

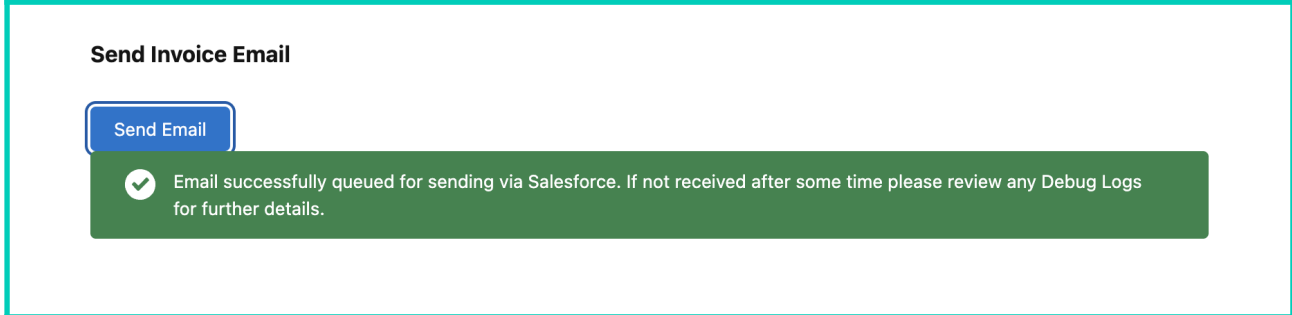

The screenshot shows a 'Send Invoice Email' pop-up window. It contains a single button labeled 'Send Email', which is highlighted with a red border.

Sending Invoices and Credit Notes

- If successful, you will see a confirmation message as shown in the screenshot below (see Figure 13).

Important Notes

(New PDF replacing the existing PDF)

After selecting the **Send Invoice Email** button, a new PDF of the Invoice will be created for the selected record to replace any existing PDFs and sent to the Invoice to Contact. The existing PDFs, if any, will be updated and renamed with the prefix 'Superseded', but will remain attached as Files to this Invoice Record.

- To customise the email message and recipients, click on the  down arrow and click on the **Compose Invoice Email** button (see Figure 14).

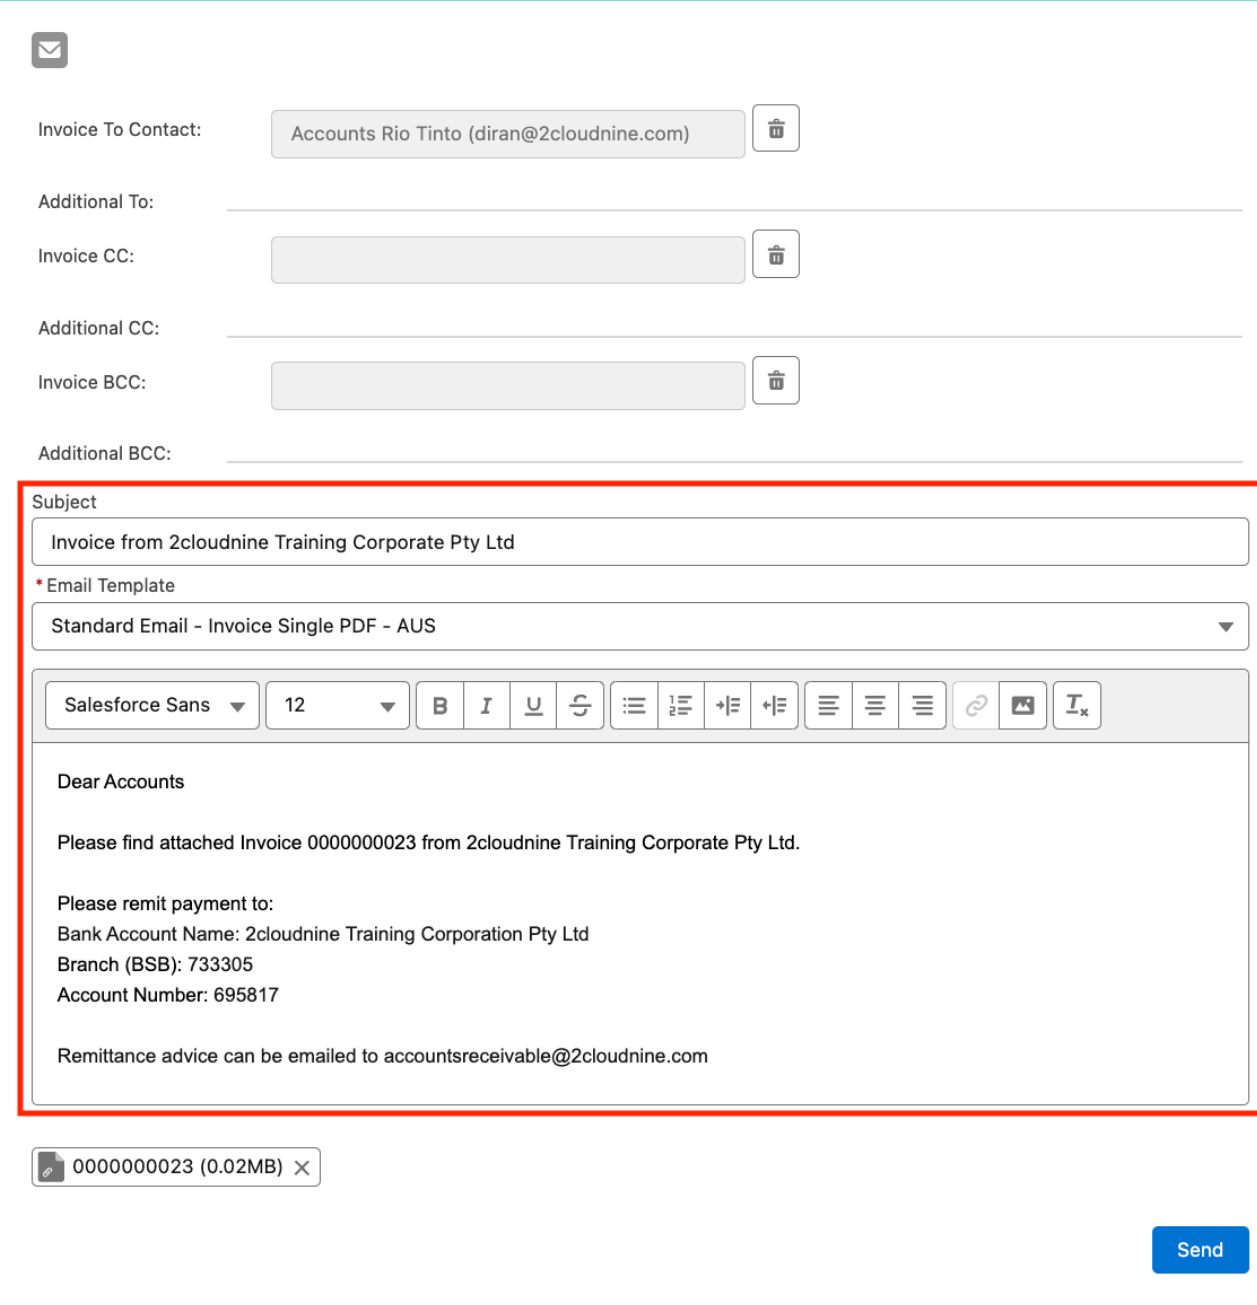

Figure 14

Sending Invoices and Credit Notes

9. On the Compose Invoice Email pop-up, the **Invoice To Contact** field will be pre-populated.
10. Choose a template for the email by clicking on the **Email Template** picklist, which populates the Subject and Email text (see Figure 15).
11. Populate the following optional fields:
 - a. **Cc**
 - b. **Bcc**
 - c. **Template**
12. If required, you can make changes to the email text, which auto-populates only when the Template field is populated, or you can type in some text without the use of a Template.
