

Purpose

The purpose of this quick reference guide is to step through the process of creating Lump Sum Pay Codes. The intended audience for this document are system administrators / standard users.

Steps

Create a new Lump Sum Pay Code record

Pay Codes are applied to Pay Transactions processed for an Employee.

The Lump Sum Pay Code record is used to define the Pay Codes used for Lump Sum payments made to a Payee. The record holds General Information and Pay Code Setup details.

Create a Lump Sum Pay Code by following the below steps:

1. Click on the **App Launcher** icon. (See Figure 1)
2. Go to the **Pay Codes** object by using the Search function. (See Figure 2)

Figure 1

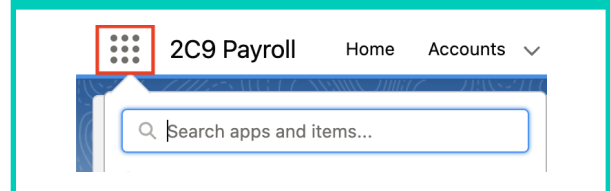

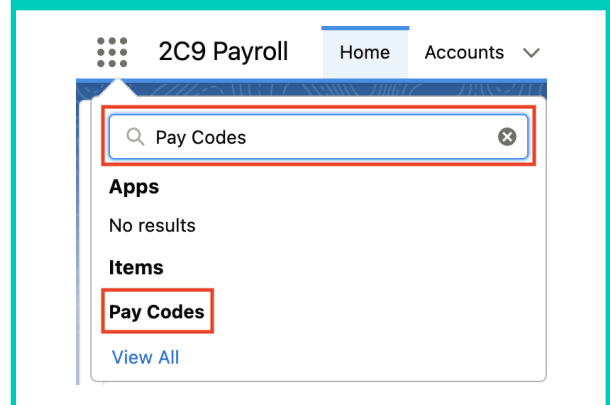

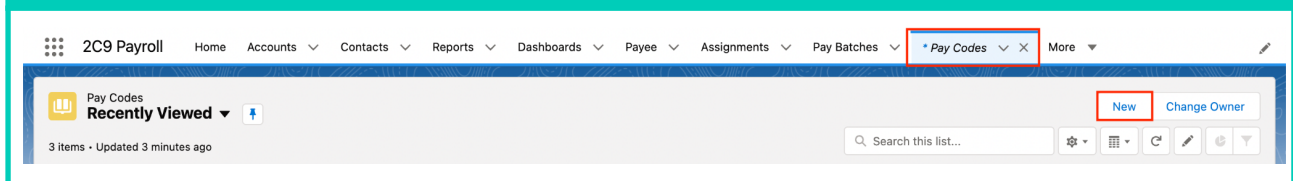

Figure 2

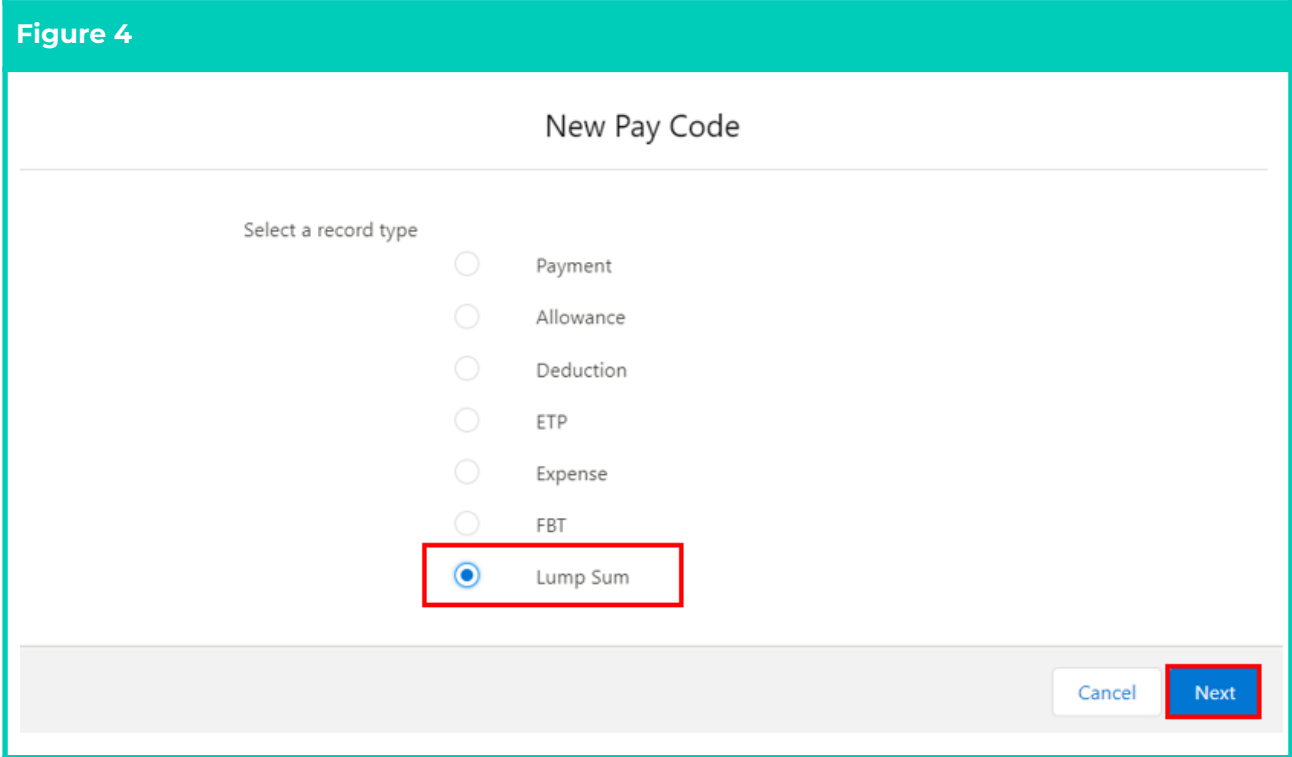

3. Click on the **New** button (see Figure 3)

Figure 3

4. Select **Lump Sum** from the available record types and click on the **Next** button (see Figure 4).

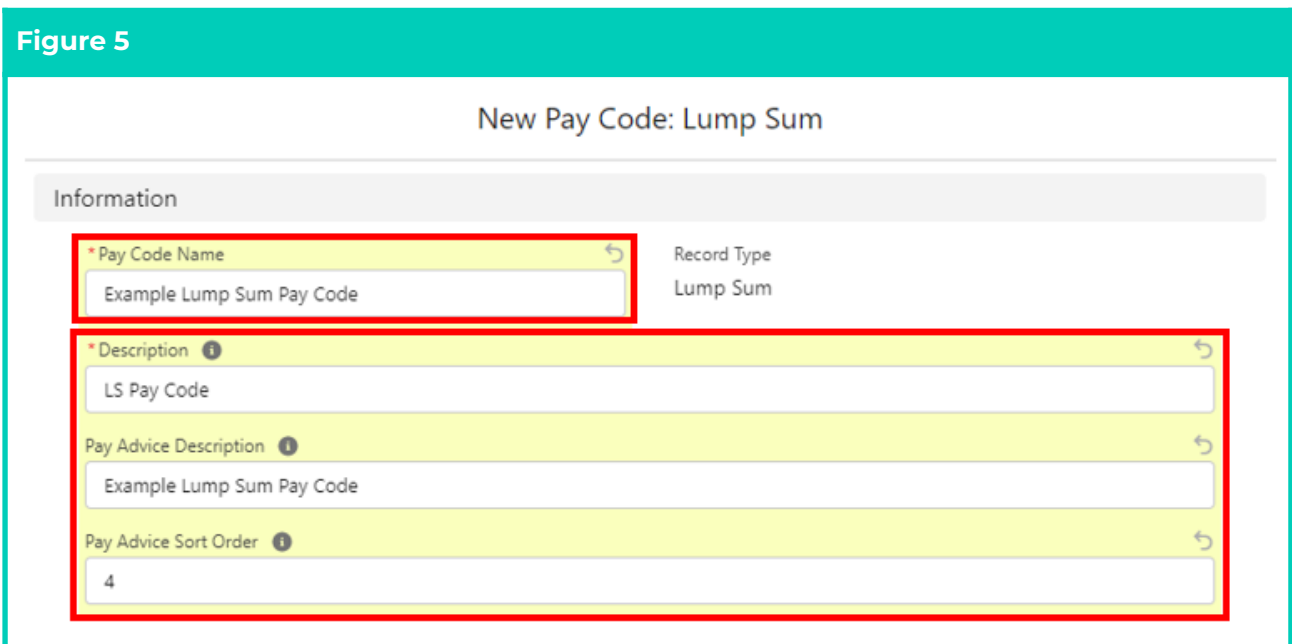

Figure 4

The screenshot shows a form titled "New Pay Code". Under the heading "Select a record type", there are seven radio button options: Payment, Allowance, Deduction, ETP, Expense, FBT, and Lump Sum. The "Lump Sum" option is selected and highlighted with a red rectangle. At the bottom right of the form, there are two buttons: "Cancel" and "Next", with the "Next" button also highlighted by a red rectangle.

5. Follow this step in the sequence given below:
- Populate the following required fields to provide the base details of the Lump Sum Pay Code (see Figure 5):
 - Pay Code Name**
 - Description**
 - Pay Advice Description**
 - Pay Advice Sort Order**

Figure 5

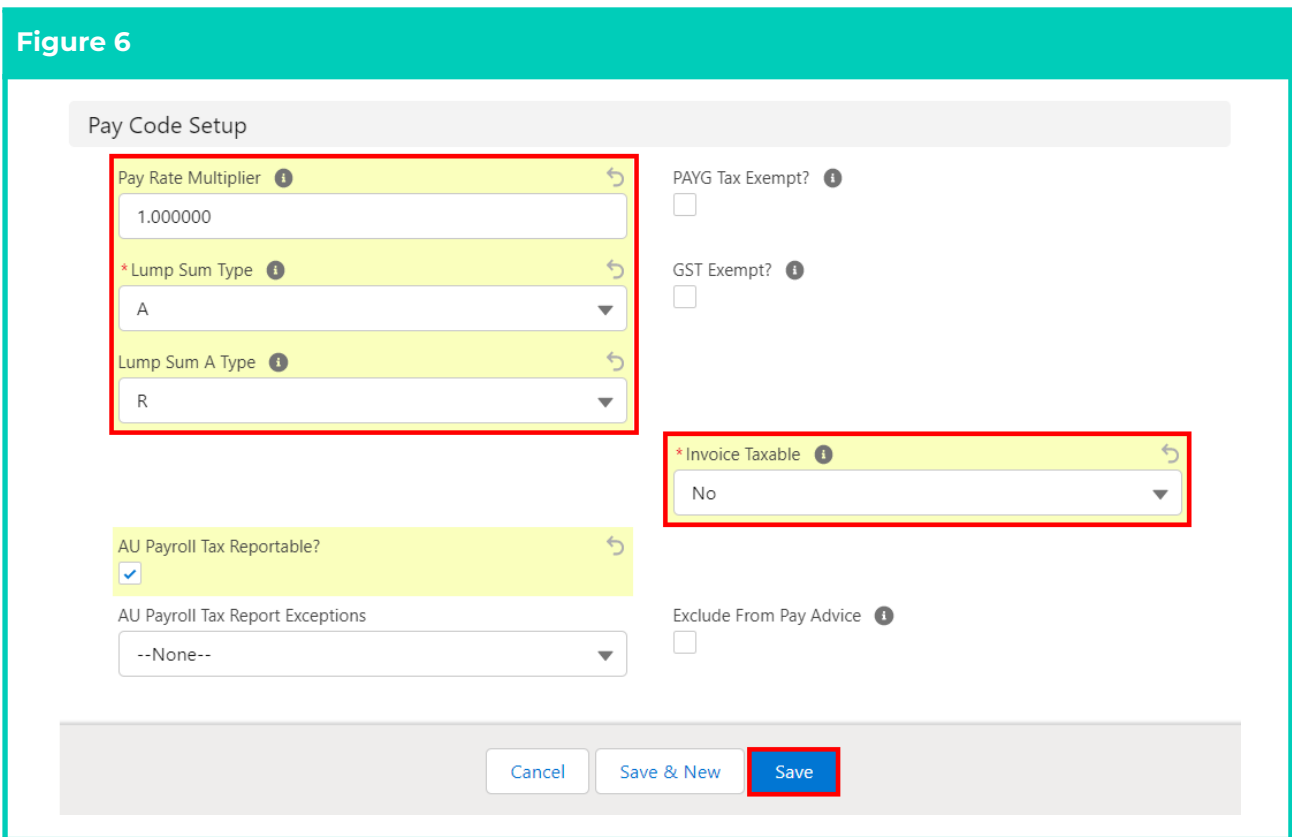

The screenshot shows a form titled "New Pay Code: Lump Sum". Below the title is a tab labeled "Information". The form contains four input fields, each with a red asterisk indicating it is required. The first field is "Pay Code Name" with the value "Example Lump Sum Pay Code". The second field is "Description" with the value "LS Pay Code". The third field is "Pay Advice Description" with the value "Example Lump Sum Pay Code". The fourth field is "Pay Advice Sort Order" with the value "4". To the right of these fields, the "Record Type" is listed as "Lump Sum". All four input fields are highlighted with a red rectangle.

- b. Populate the following required fields to provide the base details of the Lump Sum Pay Code (see Figure 6):
 - i. **Pay Rate Multiplier**
 - ii. **Invoice Taxable**
 - iii. **Lump Sum Type**
 - iv. **Invoice Taxable**
- c. Populate the following optional fields as required (see Figure 6):
 - i. If you selected the Lump Sum Type value as 'A', then you will also need to select the Lump Sum A Type value by populating the field **Lump Sum A Type**.
 - ii. If Payroll Tax needs to be reported for Pay Transactions using this Pay Code, check the **AU Payroll Tax Reportable?** checkbox.
 - iii. To apply regional Payroll Tax exemptions for Pay Transactions using this Pay Code, select from the picklist values provided in the **AU Payroll Tax Report Exemptions** field.
 - iv. If Pay Transactions associated with this Pay Code are exempt from the taxable earnings calculations, check the **PAYG Tax Exempt?** checkbox.
 - v. If Pay Transactions associated with this Pay Code should be exempt from GST during the Australian Contractor Payroll calculation, check the **GST Exempt?** checkbox.
 - vi. To exclude any transactions related to this Pay Code from the standard Pay Advice PDF, check the **Exclude From Pay Advice** checkbox.

6. Click on the **Save** button.

Figure 6

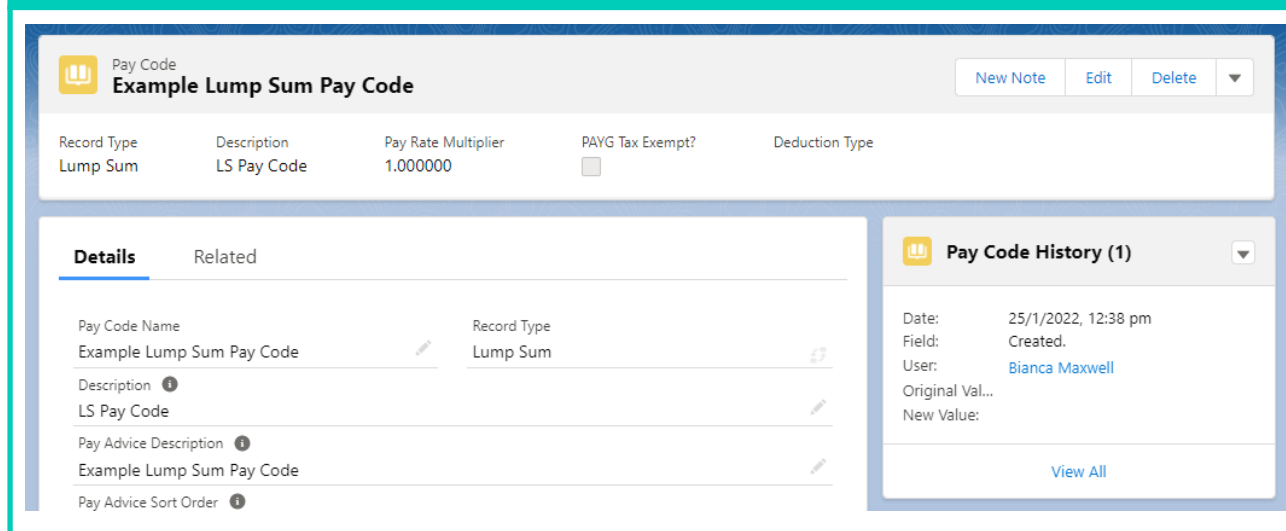

The screenshot shows the 'Pay Code Setup' form. A red box highlights the required fields: 'Pay Rate Multiplier' (text input with value 1.000000), '*Lump Sum Type' (dropdown menu with value A), and 'Lump Sum A Type' (dropdown menu with value R). Another red box highlights the '*Invoice Taxable' dropdown menu with value No. Other fields include 'PAYG Tax Exempt?' (checkbox), 'GST Exempt?' (checkbox), 'AU Payroll Tax Reportable?' (checkbox with checkmark), 'AU Payroll Tax Report Exceptions' (dropdown menu with value --None--), and 'Exclude From Pay Advice' (checkbox). At the bottom, there are three buttons: 'Cancel', 'Save & New', and 'Save' (highlighted with a red box).

The Pay Rate Multiplier field is applied to the Pay Rate on the Assignment Rate Record, to determine the Pay Rate to apply on the Pay Transactions.

A new **Lump Sum Pay Code** is now created (see Figure 7).

Figure 7

Lump Sum Pay Codes **CAN NOT** be deleted if they have related records or are used in other records. Deleting records is not recommended unless absolutely essential.

A Pay Code can only be edited if it has not already been referenced within Pay Transactions, Interpretation Rules or Payee Allowance records. A new Pay Code will need to be created if updates are required after this point.

1. To modify an existing **Lump Sum Pay Code** record, open the required record and select the **Edit** button available on the top right side of the page. You can also double click within fields that need editing or just click on the pencil icon  that appears within fields when hovering with your cursor.
2. When complete, click on the **Save** button.

Field Descriptions

AU Payroll Tax Reportable? determines if the Pay Code will be considered during the 2cloudnine Payroll Tax reporting process.

AU Payroll Tax Report Exceptions where a Pay Code is reportable for Payroll Tax list any localities here where the Pay Code is considered not reportable.

Description is the description of this Pay Code.

Exclude From Pay Advice indicates that any transactions related to this Pay Code will not be displayed on the standard Pay Advice PDF.

GST Exempt? When set to true any Pay Transactions using this Pay Code will not attract GST during Australian Contractor Payroll calculation.

Invoice Taxable indicates if the Pay Code should have tax applied to the Invoice.

Lump Sum Type is the Lump Sum Type as defined by the Payment Summary Classification. Picklist values are: A, B, D, E, and W.

Lump Sum A Type is the Lump Sum A Type as defined by the Payment Summary Classification.

Pay Advice Description is the description that will be displayed to a Payee on their Pay Advice PDFs for any Pay Transactions related to this Pay Code.

Pay Advice Sort Order defines the order in which Pay Codes will be displayed on Pay Advice PDFs

Pay Code Name is the name given to the Pay Code record that is being created.

PAYG Tax Exempt indicates whether Pay Transactions using this Pay Code will count toward the taxable earnings or the non-taxable earnings of the Payee.

Pay Rate Multiplier is the multiplier which will be applied to Pay Transactions using this Pay Code.
