

Purpose

The purpose of this quick reference guide is to step through the process of creating an AU GST Payee Withholding. The intended audience for this document are system administrators / standard users.

Steps

Create a New AU GST Payee Withholding record

The AU GST Payee Withholding record holds the General Information and Business Details for a Payee.

Create an AU GST Payee Withholding by following the below steps:

1. Navigate to the **Payee** record.
 - a. To identify a Payee record from an Employee record, enter the Employee name into the **Global Search** (see Figure 1).
 - b. Select the **Employee** record from the suggestions provided.
 - c. Open the **Related** tab.
 - d. Identify the **Payee** related list.
 - e. Select the **Payee** record (see Figure 2).

Payees set up with an AU GST Payee Withholding do not need to be configured with either the AU PAYG or the AU SUPER Payee Withholdings. They may still require an AU Payroll Tax Payee Withholding, depending on your organisation.

Payee Withholding records **CANNOT** be deleted if they have related records or are used in other records. Deleting records is not recommended unless absolutely essential.

- To modify an existing **Payee Withholding** record, open the required record and select the **Edit** button available on the top right side of the page. You can also double click within fields that need editing or just click on the pencil icon  that appears within fields when hovering with your cursor.
- When complete, click on the **Save** button.
