

Purpose

The purpose of this quick reference guide is to step through the process of viewing Withholding Rules which include AU GST, AU PAYG, and AU Super. The intended audience for this document is Payroll Users.

Steps

View Withholding Rules

To View Withholding Rules, the following steps should be followed:

1. Click on the **App Launcher** icon (see Figure 1).
2. Go to the **View Withholding Rules** tab by using the Search function (see Figure 2).

Figure 1

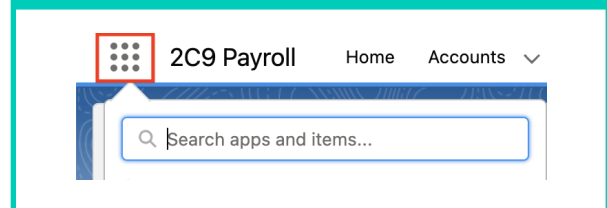

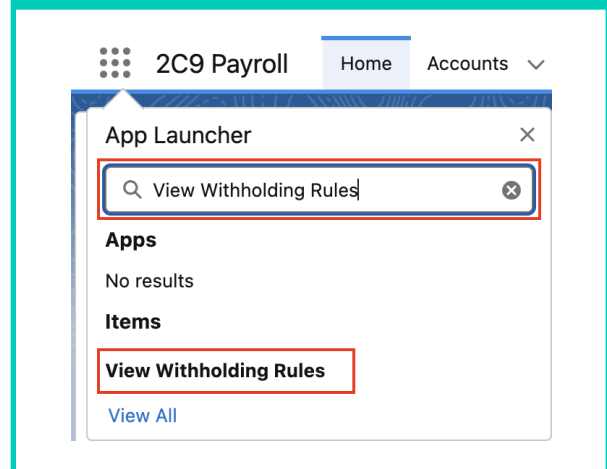

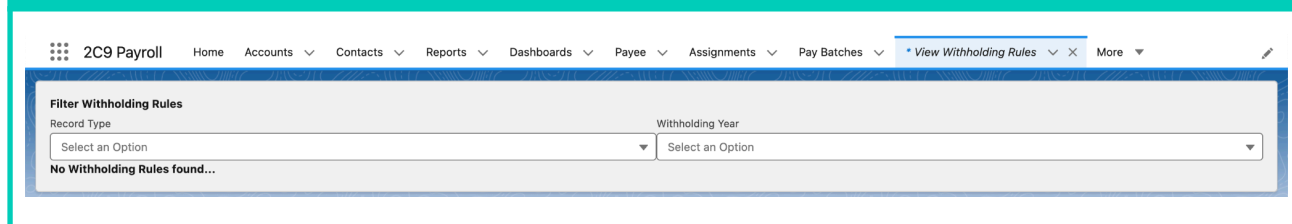

Figure 2

3. The View Withholding Rules page will open. You will see two fields - Record Types and Withholding Rules, as shown in the screenshot below (see Figure 3).

Figure 3

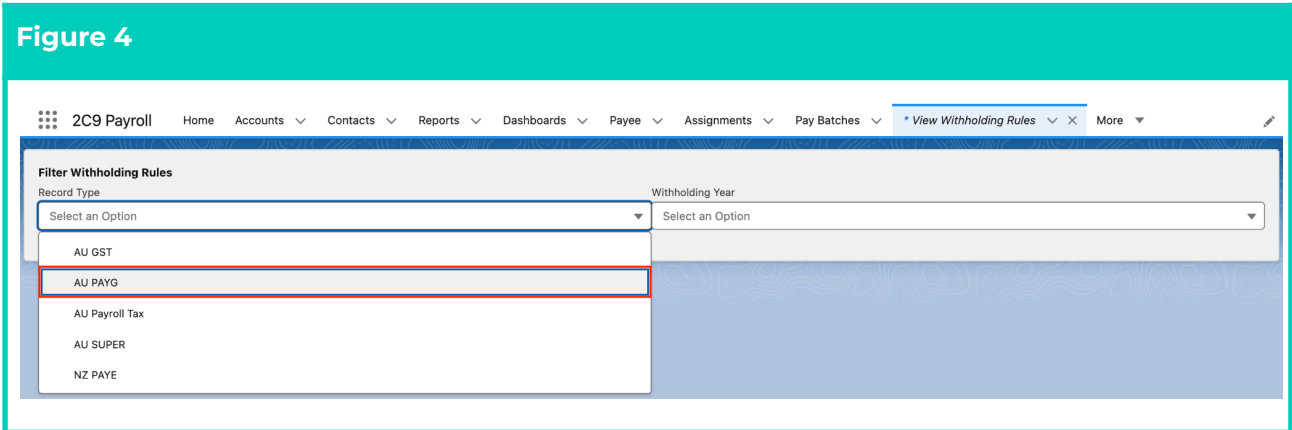

4. Populate the **Record Type** field by choosing one of the available Record Types (see Figure 4):

The Picklist values available are:

- AU GST
- AU PAYG
- AU Payroll Tax
- AU SUPER
- NZ PAYE

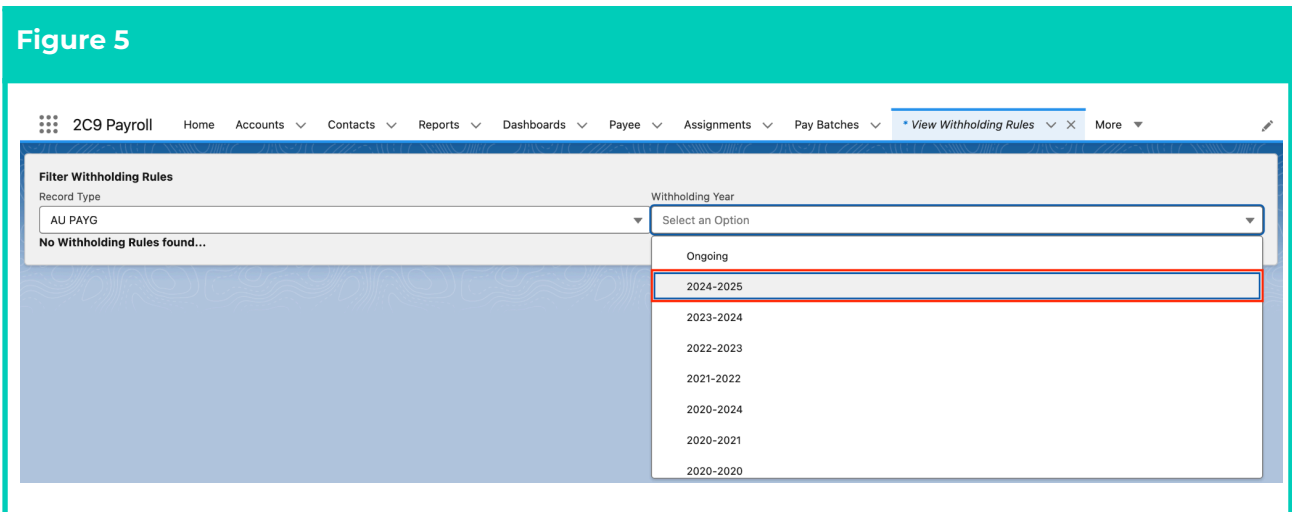

Figure 4

The screenshot shows the '2C9 Payroll' application interface. The top navigation bar includes 'Home', 'Accounts', 'Contacts', 'Reports', 'Dashboards', 'Payee', 'Assignments', 'Pay Batches', and 'View Withholding Rules'. The 'Filter Withholding Rules' section has two dropdown menus: 'Record Type' and 'Withholding Year'. The 'Record Type' dropdown is open, showing a list of options: 'AU GST', 'AU PAYG' (highlighted with a red border), 'AU Payroll Tax', 'AU SUPER', and 'NZ PAYE'. The 'Withholding Year' dropdown is currently closed.

5. Populate the **Withholding Year** field with the required Period (see Figure 5):

Figure 5

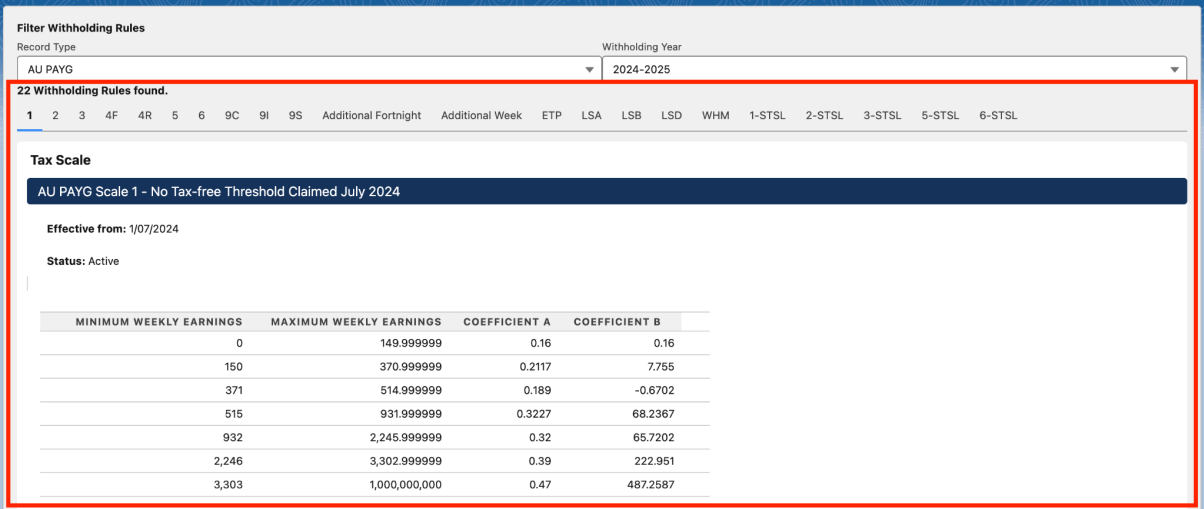

The screenshot shows the '2C9 Payroll' application interface. The 'Record Type' dropdown is now closed and set to 'AU PAYG'. The 'Withholding Year' dropdown is open, showing a list of options: 'Ongoing', '2024-2025' (highlighted with a red border), '2023-2024', '2022-2023', '2021-2022', '2020-2024', '2020-2021', and '2020-2020'. The 'No Withholding Rules found...' message is visible in the main content area.

Some withholding rules can span multiple financial years and as such their Withholding Year may be 2020-2024, for example. Other Withholding Rules are specific to one financial year. Please select your Withholding Year carefully. If you do not see the data you are expecting, please review the Withholding Year you have selected.

- Once the Record Type and Withholding Year fields are populated, the page will automatically display the Tax Scale table as shown in the screenshot below (see Figure 6).
- The relevant Withholding Rules for the Record Type and Withholding Year will be displayed. The Effective From date and Status will also be displayed below the Tax Scale, and if Inactive, will also include the date it ceased being applied.
